DOCKETED BY 

RE: Clarification of Condition No. 4 Self-Certification of Environmental Compatibility for the West Valley-South 230kV Power Line and Substation Project, Decision 66646
DOCKET NO. L-00000D-03-0122-00000

Dear Mr. Johnson:

Pursuant to Decision No. 66646 dated December 22, 2003, Condition No. 20, Arizona Public Service filed its self-certification letter and documentation for the West Valley-South 230kV Power Line and Substation Project on December 1, 2008. We have been asked to clarify Condition No. 4, regarding maintaining written records for a period of five years of all complaints of radio or television interference attributable to the operation of the transmission line.

There have been no concerns or complaints of radio or television interference due to the operation of the transmission line submitted to APS since the Decision dated December 22, 2003. Therefore there are no records.

If you should have any questions, please contact Jeff Johnson at 602-250-2661.

Sincerely,

Leland Snook
