Dear Commissioners and all those overseeing this case,

I am asking you to please help me. I have not heard back from anyone regarding my request for reconsideration. I did not have ANY PART to do with the company- nor did I know there was ANYTHING illegal going on.

I have three children to care for and do not want to slip through the cracks over a lack of communication. My daughters and I are now completely at your mercy and I am begging you to please help me.

If this is a case where there is nothing that you can do, then I would like to appeal this decision- not out of disrespect to the other Commissioners, but because I do not feel they would have made the same decision if they were aware of my situation.

Sincerely,

Ali Wolfe
