**EXECUTIVE SUMMARY  
FOR  
NORTHERN SUNRISE WATER COMPANY  
AND  
SOUTHERN SUNRISE WATER COMPANY  
DOCKET NOS. W-20453A-06-0247 ET. AL.**

On January 2, 2008, Northern Sunrise Water Company and Southern Sunrise Water Company ("Companies" or "Applicants") filed a compliance filing to amend their Certificates of Convenience and Necessity ("CC&N") in Cochise County pursuant to Decision No. 68826.

The Companies have applied to extend their CC&Ns for five of the seven water systems. The requested extension areas will add a total of approximately 4.3 square-miles to the Companies' existing 7.4 square-miles of certificated areas.

With the completion of the capital plant improvements for the Cochise, Horseshoe Ranch, Mustang, Crystal, and Miracle Valley Systems, Staff concludes that all of these systems have adequate well and storage capacities to serve the existing and proposed CC&N extension areas. Although the Sierra Sunset and Coronado Estates Systems did not request a CC&N extension at this time, these systems along with the proposed Babocomari project will have adequate well and storage capacities.

The Companies are currently delivering water that meets the Arizona Department of Environmental Quality ("ADEQ") water quality standards. The Companies have no delinquent Commission compliance items.

Decision No. 68272 (November 8, 2005) imposed a moratorium on new customer hook-ups. As of the date of this Staff Report, two of the seven Companies' water systems had their moratoria lifted, and three other systems are pending approval. Only the moratoria on the Sierra Sunset and Coronado Estates Systems are still in effect. Therefore, Staff does not believe that the moratorium should affect this CC&N extension approval process, because the Companies were ordered to include areas that are being served outside their existing CC&Ns, and the Companies expect to complete the required capital plant improvements by December 31, 2008.

Staff recommends that the Commission approve the Companies' application for extension of their CC&Ns, as delineated in Exhibit 1, subject to compliance with the following conditions:

1. To require the Companies to charge their authorized rates and charges in the extension areas.
2. That the Commission put the Companies on notice that any future CC&N extension applications will not be deemed sufficient without documentation from ADWR stating that there is a 100 year adequate water supply for the then existing CC&N area (along with any other typically required sufficiency information).

3. To require the Companies to file with Docket Control, as a compliance item in this docket, copies of the Cochise County franchise agreements needed to serve the requested CC&N extension areas within two years of the effective date of an order in this proceeding.
4. That the Commission deny the Companies' request for the CC&N extension areas outside the boundaries of the areas recommended by Staff. As such, Staff recommends that the Companies be required to file with Docket Control an amended legal description for the area outlined in Exhibit 1, no later than 30 days after the effective date of the order granting this application.

## **Introduction**

On January 2, 2008, Northern Sunrise Water Company, Inc. ("Northern") and Southern Sunrise Water Company, Inc. ("Southern") (combined, "the Companies" or "Applicants") filed a compliance filing to amend their Certificates of Convenience and Necessity ("CC&N") pursuant to Decision No. 68826 (June 29, 2006). In that Decision, the Companies were ordered to file applications by December 31, 2007, for approval to extend their CC&Ns to areas being served outside of their CC&Ns in Cochise County, Arizona. At the February 27, 2008 Procedural Conference, Commission Staff accepted the Companies' compliance filing as an application for extension of their CC&Ns and acknowledged that the application was sufficient.

Decision No. 68826 approved the transfer of the former McLain Systems to Northern and Southern. Northern consists of the Mustang, Crystal, Sierra Sunset, and Coronado Estates water systems, while Southern consists of the Cochise, Horseshoe Ranch, and Miracle Valley water systems. Northern includes an additional area called Babocomari which is adjacent to the Coronado Estates System.

## **Algonquin**

Northern and Southern are subsidiaries of Algonquin Water Resources of America, Inc. ("Algonquin"). Algonquin currently owns five Arizona utilities: Bella Vista Water Company, Litchfield Park Service Company, Gold Canyon Sewer Company, Black Mountain Sewer Corporation, and Rio Rico Utilities.

## **Public Notification**

A procedural order was issued February 29, 2008 (Exhibit 2), setting a hearing in this matter for July 8, 2008, and directing notice of such hearing. The procedural order noted that in Decision No. 68826 the Commission acknowledged that the old McLain Water Systems might be serving customers outside of their certificated boundaries and that it might make sense for the Applicants to extend their CC&N boundaries to include these customers as well as other properties that are reasonable and logical. The procedural order also noted that the Commission was always concerned that the public receive adequate notice of proceedings and directed the Applicants to take all reasonable steps to serve notice on the affected property owners and to make it clear that property owners wishing to exclude their property from the request should file such request with the Commission. The procedural order established the form and content of the notice and included specific language pertaining to all affected property owners as follows:

**"APPLICANTS HAVE BEEN DIRECTED TO MAIL THIS NOTICE TO ALL AFFECTED PROPERTY OWNERS. IF YOU RECEIVED THIS NOTICE BY MAIL, YOUR PROPERTY IS INCLUDED IN THE REQUEST TO BE INCLUDED IN APPLICANTS' SERVICE AREAS. AFFECTED PROPERTY OWNERS WHO DO NOT WISH THEIR PROPERTY TO BE INCLUDED IN THE APPLICANTS' SERVICE AREAS, MUST FILE A REQUEST WITH THE COMMISSION TO**

**HAVE THEIR PROPERTY EXCLUDED. IF YOU DO NOT RESPOND TO THIS NOTICE, AND THE REQUEST IS APPROVED, YOUR PROPERTY WILL BE INCLUDED IN THE APPLICANTS' SERVICE AREAS. SUCH REQUESTS FOR EXCLUSION SHOULD BE MAILED TO THE APPLICANTS AND THE ORIGINAL AND 13 COPIES FILED WITH THE COMMISSION IN CARE OF DOCKET CONTROL, 1200 WEST WASHINGTON, PHOENIX, ARIZONA, 85007, BY JUNE 13, 2008. ALL CORRESPONDENCE SHOULD CONTAIN THE DOCKET NUMBERS SET FORTH ABOVE."**

On April 17, 2008, notice regarding the July 8, 2008 hearing was published in the *Sierra Vista Herald* and the *Bisbee Daily Review*. On April 18, 2008, Applicants sent, via first class U.S. mail, a copy of the required notice that included, in part, the above-referenced language to property owners within the requested extension area and a copy of the procedural order to the appropriate public service corporations. After the mailing was complete, Applicants discovered that the notice should have been sent via certified mail. Additionally, on or about April 22, 2008, Staff contacted Applicants and requested that the notice provide a toll free phone number for interested parties to call. Applicants modified the notice per Staff's request (attached as Exhibit 3) and on April 24, 2008, sent it again to all property owners via certified mail.

Staff asked the Applicant the following additional questions about the notice:

1. How all property owners were identified within the requested extension areas other than existing customers; and how many such notices were mailed.
2. Were any notices that were mailed by the Applicants returned by the postal service; and what additional efforts were made by the Applicants to identify the property owners.

The applicants responded that a list of property owners was obtained by researching Cochise County records via microfiche, and 1,032 notices were mailed to property owners within the requested extension areas.

Applicants advised that they did receive some returned notices. As a result, the applicants contacted the Cochise County Assessor's Office directly and obtained a more current list of property owners. The new list was compared to the original, and any property owners that were identified as not having been sent a notice previously were sent a copy. The new list also enabled the applicants to identify new mailing addresses for some of the notices that were returned. Notices were then resent to those property owners. Any mail that was returned with a forwarding address was also resent.

On June 3, 2008, another procedural order (Exhibit 4) was issued setting a Public Comment Meeting for June 23, 2008. This procedural order noted that in response to the notices mailed, the Commission had received a large number of requests from property owners to have their property excluded from the proposed extension area. It further appeared from letters and phone calls received from property owners, there was some confusion in the community about

the effect of the application. As a result, the Commission decided that it was in the public interest to hold a public comment meeting in the local community to hear the concerns of the potentially affected property owners. The procedural order established the form and content of the notice and included specific language pertaining to all affected property owners as follows:

“You received notice previously about the hearing on this matter set to commence on July 8, 2008 at 10:00 a.m., at the Commission’s Tucson offices, Room 222, 400 West Congress St., Tucson, Arizona 85701. If the application is granted, the Applicants would be the exclusive providers of water service within the requested extension areas, and would be required to provide service on the terms and conditions as established by the Commission. IF YOU PREVIOUSLY REQUESTED TO HAVE YOUR PROPERTY EXCLUDED FROM THE PROPOSED SERVICE AREA, YOUR PROPERTY WILL NOT AUTOMATICALLY BE EXCLUDED, BUT RATHER THE COMMISSION WILL DECIDE BASED ON ALL THE EVIDENCE IN THE RECORD WHICH AREAS WILL BE INCLUDED AND WHICH WILL NOT. HOWEVER, IF THE APPLICATION IS APPROVED, PROPERTY OWNERS WITH PERSONAL WELLS WILL NOT BE REQUIRED TAKE SERVICE FROM APPLICANTS OR TO DISCONNECT FROM THEIR WELLS TO BECOME CUSTOMERS OF THE APPLICANTS.”

As referenced in a Notice of Filing docketed June 19, 2008, Applicants mailed, on June 10, 2008, to 867 property owners in the requested extension territory, a copy of the notice (Exhibit 5) regarding the Commission’s Public Comment Meeting. In the above-referenced filing, the Applicants noted that the Commission had received several hundred letters from property owners requesting exclusion and after considerable effort to map the location of property owners requesting exclusion, Applicants determined that some of these properties were located within the Applicants’ respective existing CC&N. In addition, several properties were located outside the requested extension area. It was also noted that many of the letters received by the Commission were form letters sent by a local real estate agent on behalf of property owners, and the Applicants provided a copy of the notice provided to Hereford/Palominas residents by that agent (attached as Exhibit 6). Further, the Applicants advised that some of the letters received by the Commission were the result of the property owner receiving the initial public notice in error.

Thus, the Applicants mailed a clarification letter (a sample copy attached as Exhibit 7) to various property owners whose properties were located outside the requested service territory on June 13, 2008. The letter was to inform this class of property owners that either: (1) an original notice was incorrectly mailed to them; or (2) they had requested for their property to be excluded from Applicants’ service area although their properties were not located within the requested service area (or existing CC&Ns). The clarification letter also included information regarding the Commission’s June 23, 2008 Public Comment Meeting.

Additionally, the Applicants mailed a clarification letter (a sample copy attached as Exhibit 8) to various property owners whose properties were currently located within the Applicants’ existing service area. The letter was to inform them that either: (1) an original

notice was incorrectly sent to them; or (2) they had requested for their property to be excluded from Applicants' requested extension area although their properties were already located within Applicants' existing service area. The clarification letter also included information regarding the Commission's June 23, 2008 Public Comment Meeting.

Applicants believed that although the above-referenced clarification letters were not required by the June 3, 2008 procedural order, those additional mailings would help to alleviate further confusion regarding the Application.

The Commission issued a press release on May 29, 2008, entitled "Commission Staff Answers Questions for Well Owners within the Northern and Southern Sunrise Water Systems Requested CC&N". At the Public Comment Meeting on June 23, 2008, Staff presented this Question and Answer document (attached as Exhibit 9) to also alleviate many of the concerns that had been expressed by property owners.

### **Consumer Services**

Since officially becoming Interim Manager on September 19, 2006, the Consumer Services' Section has received a total of 19 complaints against the Applicants; 7 complaints for Southern and 12 complaints for Northern. The complaints against Southern were due to low water pressure and water outages (May through July, 2007), the moratorium on new meter installations, service delays due to mainline extension issues, and a meter reading problem. The complaints against Northern were also due to low water pressure and water outages (mainly in May and June, 2007), moratorium on new meter installations, billing issues, meter installation problems, and disconnection of service. A couple of customers who were complaining about an outage also mentioned they could not reach the company or that no information was provided in connection with the outage. The longest outage reported to Consumer Services since September 19, 2006, lasted seven hours and fifteen minutes in the Northern Sunrise area.

Official Commission records reveal the following outage information for both Companies from September 16, 2006 through June 24, 2008:

**Service to Requested Areas**

As part of its review of the application, Staff requested the Companies to provide maps of the requested CC&N extension areas that identified each respective property owner that is; 1) outside the existing CC&Ns and receiving water service, 2) requesting water service, and 3) requesting to be excluded from the CC&N extension proceeding. In response to Staff's request, on June 11, 2008, the Companies' maps showed the following data:

1. There are approximately 189 existing customers/property owners being served outside the existing CC&N. (Within this count, there appear to be approximately 18 customers within the East Slope Water Company CC&N. Staff will work with the Companies to verify their information and resolve the matter. Ultimately, this may require Staff to submit an addendum to this Staff report in regards to these 18 customers.)
2. There are approximately 104 property owners requesting to be excluded within the requested CC&N extension areas.
3. There are approximately 49 property owners requesting to be excluded within the existing CC&Ns.
4. There are 116 property owners requesting to be excluded that are NOT within the requested CC&N extension areas. (88 properties are within the Southland Utilities Company CC&N; 4 properties are within the Nicksville Water Company CC&N; 4 properties are within the Whetstone Water Improvement District (non-jurisdictional area); and 20 properties are not in any requested or other existing CC&N areas.)

The requested CC&N extension areas total to approximately 4.3 square-miles. With the assistance of the Companies' submitted maps showing the above data, Staff evaluated the Companies' requested extension areas. Based on this evaluation, Staff determined that some requested areas should be deleted due to; a) no existing customers or water service in that area, and b) property owner(s) that requested to be excluded. Therefore, Staff recommends that the Commission deny the Companies' request for a CC&N extension in the areas outside the boundaries of the areas recommended by Staff. Staff's recommended denial areas are as follows:

- a. Approximately 3/8 of a section located south of State Route 82 within the South half of Section 14, Township 20 South, Range 19 East.
- b. Approximately the North half of the Northwest quarter and approximately the North half of the Northeast quarter of Section 12, Township 20 South, Range 19 East.
- c. South half of Section 13, Township 20 South, Range 19 East.
- d. Southwest quarter of Section 4, Township 23 South, Range 21 East, with the exception of a parcel located in the southeastern corner.
- e. East half of Section 17, Township 23 South, Range 21 East.
- f. South half of the Southwest quarter of Section 17, Township 23 South, Range 21 East.
- g. North half of the Northwest quarter of Section 17, Township 23 South, Range 21 East.
- h. North half of the Northeast quarter and the North half of the Northwest quarter of Section 6, Township 24 South, Range 22 East, with the exception of a parcel located in the northeastern corner of North half of the Northwest quarter.

The above denied areas, totaling approximately 2.5 square-miles, would reduce the Companies' requested CC&N extension areas to approximately 1.8 square-miles. As such, Staff recommends that the Companies be required to file with Docket Control an amended legal description for the areas outlined in Exhibit 1, no later than 30 days after the effective date of the order in this case.

### **Engineering**

The Companies have applied to extend their CC&Ns for five of the seven water systems. Most of the requested areas are contiguous to each of the water system service areas and will add a total of approximately 4.3 square-miles to their existing 7.4 square-miles of certificated areas. The Companies' water systems are all located in the Sierra Vista area in Cochise County.

#### Existing Systems

1. Mustang and Crystal Systems: These systems are interconnected, having two wells producing 95 gallons per minute ("GPM") and 40 GPM, a 100,000 gallon storage tank, and a combined distribution system serving 117 service connections as of August 2007. Using an assumed growth rate of 5 new service connections per year, this combined

service area could grow approximately 25 connections at the end of five years. Northern has counted approximately 30 connections being served outside the current CC&Ns, resulting in a projected total customer base of approximately 175 at the end of five years. Based on the existing well production and storage capacities, this combined system is adequate to serve the existing connections and the growth.

2. Sierra Sunset and Coronado Estates Systems - These systems are interconnected, having two wells producing 20 GPM and 110 GPM, three temporary storage tanks totaling 45,000 gallons, and a combined distribution system serving 217 service connections as of October 2007. In Decision No. 68826, the CC&N extension was granted for the Babocomari development adjacent to the Coronado Estates System. Northern is not requesting additional area for these two water systems at this time.

The proposed Babocomari first-phase project will have a 600 GPM well, a 345,000 gallon storage tank, a 1,975 GPM booster system and a distribution system to serve approximately 440 connections. At build-out, the proposed Babocomari system will serve approximately 1,400 residential units. Based on the three-system interconnection project (Sierra Sunset, Coronado Estates and Babocomari systems), the proposed well production and storage capacities related to the first-phase project are adequate to serve the existing connections and the growth.

3. Cochise and Horseshoe Ranch Systems - These systems are interconnected, having five wells producing a total of 285 GPM, three storage tanks totaling 196,000 gallons, and a combined distribution system serving 566 service connections as of August 2007. The Horseshoe Ranch System is also interconnected with Bella Vista Water Company. Using an assumed growth rate of 8 new service connections per year, these service areas could grow approximately 40 connections at the end of five years. Southern has counted approximately 40 connections being served outside the current CC&N, resulting in a projected total customer base of approximately 650 at the end of five years. Based on the existing well production and storage capacities, these systems are adequate to serve the existing connections and the growth.
4. Miracle Valley System - This system has one well producing 160 GPM, a 150,000 gallon storage tank, and a distribution system serving 239 service connections as of August 2007. Using an assumed growth rate of 5 new service connections per year, this service area could grow approximately 25 connections at the end of five years. Southern has counted 2 connections being served outside the current CC&N, resulting in a projected total customer base of approximately 265 at the end of five years. Based on the existing well production and storage capacities, this system is adequate to serve the existing connections and the growth.

Capital Plant Improvements

Pursuant to Decision No. 68826, the Companies were ordered to complete certain capital plant improvements for each water system as listed in Exhibit B of the Decision. As each system project was completed, the Companies were ordered to file a "notice of completion". The Companies were also ordered to include with the notice of completion the Arizona Department of Environmental Quality ("ADEQ") Approval of Construction for those projects requiring ADEQ approval. Staff was ordered to review the filing and field inspect the system to ensure that the capital plant improvements for each water system as listed in Exhibit B of Decision No. 68826 had in fact been completed. The status of each system improvements are as follows:

1. Cochise and Horseshoe Ranch Systems – These systems are interconnected and Southern has complied with the Exhibit B requirements. All Exhibit B capital improvements have been completed, and Staff filed its compliance verification on March 14, 2008. In a Procedural Order, dated March 24, 2008, the Commission concluded that the systems had complied with the capital improvement requirements and consequently, the moratorium on new service connections was lifted. (For more moratorium information, see the Moratorium section below.)
2. Mustang and Crystal Systems – These two systems were confirmed by Northern to be interconnected, which modified the original Exhibit B recommendation of two 60,000 gallon storage tanks to a 100,000 gallon storage tank. Northern recommended rehabilitation of the wells in lieu of replacement. The existing hydropneumatic tank system has been replaced with a new pre-packaged booster station. All Exhibit B capital improvements have been completed and Staff filed its compliance verification on June 4, 2008.
3. Miracle Valley System – Southern concurred with the Exhibit B requirement of a new 150,000 gallon storage tank. The existing hydropneumatic tank system has been replaced with a new pre-packaged booster station. In addition, Southern added a chlorination unit and is refurbishing the second well to provide redundancy in the system. All Exhibit B capital improvements have been completed, and Staff filed its compliance verification on June 4, 2008.
4. Sierra Sunset and Coronado Estates Systems – Although the Sierra Sunset System is interconnected with the Coronado Estates System, Northern will construct a new, adequately-sized interconnection between these systems. These two systems would then operate together as a single system along with the proposed Babocomari development. This proposed three-system interconnection would then eliminate the original Exhibit B recommendation of a 30,000 gallon storage tank on the Sierra Sunset System and a 100,000 gallon storage tank on the Coronado system. The revised Sierra Sunset system's storage requirement of 19,000 gallons, along with the revised Coronado Estates System's storage requirement of 72,000 gallons, would then be added to the proposed Babocomari storage capacity. The existing well capacities of the Sierra Sunset System (20 GPM) and

the Coronado Estates System (110 GPM) combined with the Babocomari project will be adequate.

In a Staff memorandum to the docket, dated November 30, 2007, Staff responded to Northern's filing to modify the capital plant improvements listed in Exhibit B as previously noted. After its review, Staff concluded that Northern's modification filing for the Sierra Sunset and Coronado Estates Systems, along with the proposed Babocomari project, were reasonable. In a Procedural Order, dated April 22, 2008, Northern was granted an extension of time to complete the capital plant improvements by December 31, 2008.

#### Capacity Conclusions

With the completion of the capital plant improvements for the Cochise, Horseshoe Ranch, Mustang, Crystal and Miracle Valley Systems, Staff concludes that all of these systems have adequate well and storage capacities to serve the existing and proposed CC&N extension areas. Although the Sierra Sunset and Coronado Estates Systems did not request a CC&N extension at this time, these systems along with the proposed Babocomari project will have adequate well and storage capacities. For purpose of this proceeding, no "used and useful" determination of the completed and proposed capital plant improvements were made and no particular treatment should be inferred for rate making or rate base purposes.

Based on data submitted by the Companies, ADEQ has determined that all the water systems are currently delivering water that meets water quality standards required by Arizona Administrative Code, Title 18, and Chapter 4.

#### Arizona Department of Water Resources Compliance

The Companies are not located in any Active Management Area ("AMA") and therefore, are not subject to any AMA reporting and conservation requirements.

Under a typical CC&N extension request of the instant type, Staff would recommend that an Order Preliminary be granted until the company submitted an Analysis of Adequate Water

Supply or Physical Availability Determination from ADWR demonstrating that there was adequate water available for at least 100 years for the existing CC&N and the requested extension area. In this particular case, the CC&N extension request is being filed per Commission Decision in order to rectify a situation created by the previous owner of the Companies. Therefore, Staff would recommend that the Commission put the Companies on notice that any future CC&N extension applications will not be deemed sufficient without documentation from ADWR stating that there is a 100 year adequate water supply for the then existing CC&N area (along with any other typically required sufficiency information).

Arizona Corporation Commission ("ACC") Compliance

A check with the Utilities Division Compliance Section showed no delinquent ACC compliance items for these Companies.

Curtailment Tariff

The Companies have approved curtailment tariffs for all their water systems that became effective on April 4, 2007.

Backflow Prevention Tariff

The Companies have approved backflow prevention tariffs for all their water systems that became effective on April 4, 2007.

Off-Site Hook-Up Fee Tariff

The Companies have approved off-site hook-up fee tariffs for all their water systems that became effective on June 29, 2006. Due to moratoriums that were imposed on all the water systems, the Companies have not collected any hook-up fees.

**Moratoriums**

Decision No. 68272 (November 8, 2005) imposed a moratorium on new customer hook-ups "until each of the systems can demonstrate to the Commission that it is in the public interest to remove the moratorium." As stated earlier, pursuant to Decision No. 68826 (June 29, 2006), the Companies were ordered to complete certain capital plant improvements for each water system as listed in Exhibit B of the Decision. As each system projects were completed, the Companies were to file a "notice of completion", including ADEQ Approval of Construction for those projects requiring ADEQ approval and Staff was ordered to field inspect and review the filings. As of the date of this Staff Report, two of the seven Companies' water systems had their moratoria lifted and three other systems are pending approval. Only the moratoria on the Sierra Sunset and Coronado Estates Systems are still in effect, in which Northern expects to complete the required capital plant improvements by December 31, 2008. Due to the above and the fact

that the Companies were required to file CC&N extension requests, Staff does not believe that the moratoriums should affect this CC&N extension.

### **Franchises**

Northern and Southern will need to update their franchises. Staff recommends that the Companies file with Docket Control, as a compliance item in this docket, copies of the Cochise County franchise agreements needed to serve the requested CC&N extension areas within two years of the effective date of an order in this proceeding.

### **Rate Case Filings**

Decision No. 68826 ordered the Companies to file general rate cases in 2008 with 2007 Test Years. On May 30, 2007, the Companies filed a motion for extension of time with Decision No. 68826 due to delays caused by the former McLain bankruptcy proceedings and completions of the required capital improvements. By a Procedural Order, dated August 16, 2007, the motion was granted to allow test years ending June 30, 2008, for the rate cases.

On February 14, 2008, the Companies again filed a motion for extension of time with Decision No. 68826 due to unanticipated delays with Cochise County permitting process related to the capital improvements. In addition, the Sierra Sunset and Coronado Estates water systems' construction was delayed by the developer Babocomari. Because of these delays to the capital improvements, the Companies requested an extension of the required rate case filings. By another Procedural Order, dated April 22, 2008, the Companies' motion was granted to delay the filing of the required rate cases until April 1, 2009, using Test Years ending December 31, 2008.

### **Recommendations**

Staff recommends that the Commission approve the Companies' application for extension of their CC&Ns to provide water service in Cochise County, as delineated in Exhibit 1, subject to compliance with the following conditions:

1. To require the Companies to charge their authorized rates and charges in the extension areas.
2. That the Commission put the Companies on notice that any future CC&N extension applications will not be deemed sufficient without documentation from ADWR stating that there is a 100 year adequate water supply for the then existing CC&N area (along with any other typically required sufficiency information).
3. To require the Companies to file with Docket Control, as a compliance item in this docket, copies of the Cochise County franchise agreements needed to serve the requested CC&N extension areas within two years of the effective date of an order in this proceeding.

4. That the Commission deny the Companies' request for the CC&N extension areas outside the boundaries of the areas recommended by Staff. As such, Staff recommends that the Companies be required to file with Docket Control an amended legal description for the area outlined in Exhibit 1, no later than 30 days after the effective date of the order granting this application.

PROCEDURAL ORDER

**BY THE COMMISSION:**

In Decision No. 68826 (June 29, 2006), the Arizona Corporation Commission ("Commission") approved the sale and transfer of assets, and cancellation of Certificates of Convenience and Necessity ("CC&N"), of Miracle Valley Water Company, Cochise Water Company, Horseshoe Ranch Water Company, Crystal Water Company, Mustang Water Company, Coronado Estates Water Company and Sierra Sunset Water Company (collectively "McLain Water Systems") to Northern Sunrise Water Company and Southern Sunrise Water Company (collectively "Applicants").

1 In Decision No. 68826, the Commission acknowledged that the McLain Water Systems might  
2 be serving customers outside of their certificated boundaries and that it might make sense for  
3 Applicants to extend their CC&N boundaries to include these customers as well as other properties  
4 that are reasonable and logical. The Commission ordered the Applicants to file by December 31,  
5 2007, "applications for approval to extend their CC&Ns to areas being served outside of the CC&N  
6 approved in this case."

7 On January 3, 2008, Applicants filed a "Compliance with Decision No. 68826." By their  
8 filing, Applicants seek to amend their CC&Ns pursuant to Decision No. 68826.

9 By Procedural Order dated February 8, 2008, the matter was set for a Procedural Conference  
10 on February 27, 2008, for the purpose of determining how to proceed in this matter.

11 At the February 27, 2008, Procedural Conference, Applicants and Commission Utilities  
12 Division Staff ("Staff") appeared through counsel. Staff concurred that the Applicants' compliance  
13 filing should be treated as an Application for a CC&N Extension, and that it is appropriate to set the  
14 matter for hearing. Staff believes that the law requires a hearing in this matter. Moreover, Staff  
15 noted that because of the unusual history of the former McLain Water Systems, notice to affected  
16 property owners is of particular importance, and recommended that Applicants take whatever steps  
17 they believe are necessary to assure themselves and the Commission that affected property owners  
18 have sufficient notice of the proceeding. Staff believes that it is the Applicants' burden to show that  
19 notice is sufficient, but Staff appeared to suggest that the Company may want to be able to show that  
20 property owners affirmatively want their property included in the Applicants' certificated areas.  
21 Applicants agreed that notice is a critical part of the process, and sought some direction on whether  
22 the Commission would require affirmation from affected property owners that they wanted their  
23 properties included in the Applicants' CC&Ns.

24 The Commission is always concerned that the public receive adequate notice of proceedings.  
25 Staff's comments were intended, we believe, to put the Applicants on notice that they bear  
26 responsibility for ensuring that affected property owners receive adequate notice of the proceeding.  
27 There was some discussion at the February 27, 2008, Procedural Conference about requiring  
28 affirmation from affected property owners that they want their property included in the request,

1 however, it was not clear at that time how such affirmation process would work. Neither Applicants  
2 nor the Commission can control the actions of private property owners. We are concerned that such a  
3 requirement would be difficult to administer, and may result in unwarranted conclusions. We believe  
4 that a fair course of action is to take all reasonable steps to serve notice on the affected property  
5 owners and make such notice as clear as possible that property owners wishing to exclude their  
6 property from the request should file such request with the Commission. Under this approach those  
7 property owners most motivated to act, are charged with taking action. If there is any dispute  
8 between the Applicants and property owners objecting to inclusion of property in the request, the  
9 Commission can resolve such disputes in the course of the hearing.

10 Accordingly, the matter should be set for hearing.

11 IT IS THEREFORE ORDERED that the **hearing** in the above-captioned matter shall be held  
12 on **July 8, 2008, at 10:00 a.m.** or as soon thereafter as is practical, at the Commission's offices,  
13 **Room 222, 400 West Congress St., Tucson, Arizona 85701.**

14 IT IS FURTHER ORDERED that **intervention** shall be in accordance with A.A.C. R14-3-  
15 105, except that all motions to intervene, as well as **any objections to include specific parcels** in the  
16 request, must be filed on or before **June 13, 2008.**

17 IT IS FURTHER ORDERED that Applicant shall serve public notice of the hearing in this  
18 matter, in the following form, type size and style:

19  
20 **PUBLIC NOTICE OF HEARING ON APPLICATION BY**  
21 **NORTHERN SUNRISE WATER COMPANY AND**

27 On January 11, 2007, Northern Sunrise Water Company and Southern Sunrise Water  
28 Company (collectively "Applicants") filed an application with the Arizona  
Corporation Commission ("Commission") for an extension of their Certificates of  
Convenience and Necessity ("Certificate") in Cochise County, Arizona. If the  
application is granted the Applicants would be the exclusive providers of water service  
within the requested extension areas, and would be required to provide service on the  
terms and conditions as established by the Commission.

12 is also available on the Commission's website, [www.azcc.gov](http://www.azcc.gov), using the e-Docket

12 The Commission has not yet made a determination on Applicants' request and will  
13 hold a hearing on this matter on **July 8, 2008 at 10:00 a.m.**, or as soon thereafter as is  
14 practical, at the Commission's Tucson offices, **Room 222, 400 West Congress St.,

14 The law provides for an open public hearing at which, under appropriate  
15 circumstances, interested persons may intervene in the proceedings and participate as  
16 a party. You may have the right to intervene in the proceeding. Intervention will be  
17 in accordance with A.A.C. R14-3-105, except that all motions to intervene must be  
18 filed on or before June 13, 2008. Persons desiring to intervene must file a written  
19 motion to intervene, plus 13 copies, with the Commission and send a copy of the  
20 motion to Applicants or their counsel and to all parties of record. The motion must, at  
21 the minimum, contain the following:

- 19 1. The name, address, and telephone number of the proposed intervenor and of  
20 any party upon whom service of documents is to be made if different from  
21 that of the intervenor.
- 22 2. A short statement of the proposed intervenor's interest in the proceeding (e.g.,

24 the Applicant, etc.).
- 25 3. A statement certifying that a copy of the motion to intervene has been mailed  
26 to the Applicant or its counsel and to all parties of record in the case.

24 If representation by counsel is required by Rule 31 of the Rules of the Arizona  
25 Supreme Court, intervention will be conditioned upon the intervenor obtaining counsel  
26 to represent the intervenor. The granting of intervention, among other things, entitles  
27 a party to present sworn evidence at the hearing and to cross-examine other witnesses.  
28 However, failure to intervene will not preclude any interested person or entity from  
appearing at the hearing and providing public comment on the applications. You will  
not receive any further notice of this proceeding unless you request it. Comments may  
also be made by writing to the Commission in care of Docket Control, 1200 W.

If the application is granted the Applicants would be the exclusive providers of water service within the requested extension areas, and would be required to provide service on the terms and conditions as established by the Commission.

APPLICANTS HAVE BEEN DIRECTED TO MAIL THIS NOTICE TO ALL AFFECTED PROPERTY OWNERS. IF YOU RECEIVED THIS NOTICE BY MAIL, YOUR PROPERTY IS INCLUDED IN THE REQUEST TO BE INCLUDED IN APPLICANTS' SERVICE AREAS. AFFECTED PROPERTY OWNERS WHO DO NOT WISH THEIR PROPERTY TO BE INCLUDED IN THE APPLICANTS' SERVICE AREAS, MUST FILE A REQUEST WITH THE COMMISSION TO HAVE THEIR PROPERTY EXCLUDED. IF YOU DO NOT RESPOND TO THIS NOTICE, AND THE REQUEST IS APPROVED, YOUR PROPERTY WILL BE INCLUDED IN THE APPLICANTS' SERVICE AREAS. SUCH REQUESTS FOR EXCLUSION SHOULD BE MAILED TO THE APPLICANTS AND THE ORIGINAL AND 13 COPIES FILED WITH THE COMMISSION IN CARE OF DOCKET CONTROL, 1200 WEST WASHINGTON, PHOENIX, ARIZONA 85007, BY JUNE 13, 2008. ALL CORRESPONDENCE SHOULD CONTAIN THE DOCKET NUMBERS SET FORTH ABOVE.

The applications are available for inspection during regular business hours at the offices of the Commission in Phoenix, at 1200 West Washington Street, Phoenix, Arizona, and in Tucson, at 400 West Congress St. Suite 218, Tucson, Arizona and at the offices of the Applicants, c/o Greg Sorensen, Algonquin Water, 12725 W. Indian School Road, Suite D-101, Avondale, AZ 85392. The application is also available on the Commission's website, [www.azcc.gov](http://www.azcc.gov), using the e-Docket link.

The Commission has not yet made a determination on Applicants' request and will hold a hearing on this matter on July 8, 2008 at 10:00 a.m., or as soon thereafter as is practical, at the Commission's Tucson offices, Room 222, 400 West Congress St., Tucson, Arizona 85701.

The law provides for an open public hearing at which, under appropriate circumstances, interested persons may intervene in the proceedings and participate as a party. You may have the right to intervene in the proceeding. Intervention will be

in accordance with A.A.C. R14-3-105, except that all motions to intervene must be filed on or before June 13, 2008. Persons desiring to intervene must file a written motion to intervene, plus 13 copies, with the Commission and send a copy of the motion to Applicants or their counsel and to all parties of record. The motion must, at the minimum, contain the following:

1. The name, address, and telephone number of the proposed intervenor and of any party upon whom service of documents is to be made if different from that of the intervenor.
2. A short statement of the proposed intervenor's interest in the proceeding (e.g., a customer or potential customer of the Applicant, a member or shareholder of the Applicant, etc.).
3. A statement certifying that a copy of the motion to intervene has been mailed to the Applicant or its counsel and to all parties of record in the case.

If representation by counsel is required by Rule 31 of the Rules of the Arizona Supreme Court, intervention will be conditioned upon the intervenor obtaining counsel to represent the intervenor. The granting of intervention, among other things, entitles a party to present sworn evidence at the hearing and to cross-examine other witnesses. However, failure to intervene will not preclude any interested person or entity from appearing at the hearing and providing public comment on the applications. You will not receive any further notice of this proceeding unless you request it. Comments may also be made by writing to the Commission in care of Docket Control, 1200 W. Washington, Phoenix, Arizona 85007. All correspondence should contain the Docket Numbers set forth above.

If you have any questions about this application, you may contact Applicants at Algonquin Water, c/o Greg Sorensen, 12725 W. Indian School Road, Suite D-101, Avondale, AZ 85392, (866) 681-4506. If you want further information on intervention or have questions on how to file comments, you may contact the Consumer Services Section of the Commission at 1200 West Washington Street, Phoenix, Arizona 85007 or call 1-800-222-7000.

The Commission does not discriminate on the basis of disability in admission to its public meetings. Persons with a disability may request a reasonable accommodation such as a sign language interpreter, as well as request this document in an alternative format, by contacting Linda Hogan, ADA Coordinator, voice phone number 602/542-3931, E-mail LHogan@azcc.gov. Requests should be made as early as possible to allow time to arrange the accommodation.

PROCEDURAL ORDER

**BY THE COMMISSION:**

In Decision No. 68826 (June 29, 2006), the Arizona Corporation Commission ("Commission") approved the sale and transfer of assets, and cancellation of Certificates of Convenience and Necessity ("CC&N"), of Miracle Valley Water Company, Cochise Water Company, Horseshoe Ranch Water Company, Crystal Water Company, Mustang Water Company, Coronado Estates Water Company and Sierra Sunset Water Company (collectively "McLain Water Systems") to Northern Sunrise Water Company and Southern Sunrise Water Company (collectively "Applicants").

1 In Decision No. 68826 the Commission acknowledged that the McLain Water Systems might  
2 be serving customers outside of their certificated boundaries and that it might make sense for  
3 Applicants to extend their CC&N boundaries to include these customers as well as other properties  
4 that are reasonable and logical. The Commission ordered the Applicants to file by December 31,  
5 2007, "applications for approval to extend their CC&Ns to areas being served outside of the CC&N  
6 approved in this case."

7 On January 3, 2008, Applicants filed a "Compliance with Decision No. 68826." By their  
8 filing, Applicants seek to amend their CC&Ns pursuant to Decision No. 68826.

9 By Procedural Order dated February 28, 2008, the matter was set for hearing on July 8, 2008,  
10 and the Applicants were ordered to mail notice to the affected property owners.

11 On April 29, 2008, Applicants filed a Notice of Filing Proof of Publication and Mailing,  
12 indicating they mailed notice to affected property owners on April 18, 2008 and April 24, 2008.

13 In response to the notice, the Commission has received a large number of requests from  
14 property owners to have their property excluded from the proposed extension area. Further, it  
15 appears from letters and phone calls received from property owners, there is some confusion in the  
16 community about the effect of the application. Consequently, the Commission believes that it is in the  
17 public interest to hold a public comment meeting in the local community to hear the concerns of  
18 potentially affected property owners.

19 IT IS THEREFORE ORDERED that a **Public Comment meeting** shall commence on **June**  
20 **23, 2008, at 4:30 p.m.**, or as soon thereafter as is practical, at the **Windermere Hotel, 2047 S.**  
21 **Highway 92, Sierra Vista, Arizona 85635.**

22 IT IS FURTHER ORDERED that the deadline to intervene shall be extended until July 1,  
23 2008.

24 IT IS FURTHER ORDERED that the deadline for Staff to file its Staff Report shall be  
25 extended until June 27, 2008.

26 IT IS FURTHER ORDERED that any responses to the Staff Report by Applicants or  
27 intervenors shall be filed by July 3, 2008.

28

1 IT IS FURTHER ORDERED that Applicants shall serve notice of the public comment in the  
2 following form, type size and style:

11 On January 11, 2007, Northern Sunrise Water Company and Southern Sunrise Water  
12 Company (collectively "Applicants") filed an application with the Arizona  
13 Corporation Commission ("Commission") for an extension of their Certificates of  
14 Convenience and Necessity ("Certificate") in Cochise County, Arizona.

**NOTIFICATION TO HEREFORD/PALOMINAS RESIDENTS**

The ALGONQUIN WATER COMPANY ALSO KNOWN AS THE ALGONQUIN POWER INCOME FUND ***IS*** attempting to take away ***YOUR*** Water well(s) and water rights. This Corporation is also known as **NORTHERN SUNRISE WATER COMPANY AND THE SOUTHERN SUNRISE WATER COMPANY.**

The attached copy of the letter from the **ALGONQUIN WATER COMPANY**, each property owner and well holder was supposed to receive this letter. It appears that less than one in fifty actually received the letter.

The affect of this preemption of water and well rights will in all probability be approved by the ARIZONA CORPORATION COMMISSION unless there are sufficient protests and exclusion requests. IF each property DOES NOT opt to be excluded from the proposed extension of certificates (area) they will AUTOMATICALLY be included in the water company's area and their right to their own well and water therein will be taken away by the ARIZONA CORPORATION COMMISSION and given to the ALGONQUIN WATER COMPANY. Based on the limited number of connection you can expect to be charged at least \$1000.00 initial connection fees and at least \$50.00 Since the ALGONQUIN WATER COMPANY has no distribution system in most areas extensive delays, as very significant additional costs will probably be the facts of life.

**OUR ONLY RECOURSE IS TO FILE THE NECESSARY REQUEST FOR PROPERTY EXCLUSION WITH THE ARIZONA CORPORATION COMMISSION BY THE JUNE 13 2008 DEADLINE.**

You can fill out the required original and thirteen copies your self or you can have the below listed company will insure that all necessary and required information is properly presented to insure that your property is excluded from the extended service area. I feel the nominal fee of \$5.00 is very reasonable considering the fact our Water Rights are at stake.

FOR IMMEDIATE RELEASE: May 29, 2008

### **Commission Staff Answers Questions for Well Owners within the Northern and Southern Sunrise Water Systems Requested CC&N**

**PHOENIX, AZ**—Staff from the Arizona Corporation Commission's (ACC) Utilities Division answers some frequently asked questions regarding the Northern and Southern Sunrise Water Companies' request to include additional areas in their defined service area.

#### **Background:**

Following a litany of problems with management, water quality and quality of service with the McLain water systems and various proceedings by the Corporation Commission to rectify the situation, Algonquin Water agreed to purchase, manage, and improve the McLain water systems, which were then consolidated into the Northern Sunrise and Southern Sunrise water systems.

#### **What is a CC&N?**

Under Arizona law, a water utility must apply for a Certificate of Convenience and Necessity (CC&N) with the Corporation Commission to legally begin providing service. This certificate defines the area that a company will serve. The Northern and Southern Sunrise Water Companies were granted a CC&N on June 29, 2006, in Decision No. 68826, for the previously defined areas that the McLain water systems had served. In its decision, the Commission acknowledged that the McLain water systems might be serving customers outside of their certificated areas and that it might make sense for Northern and Southern Sunrise to extend their CC&N boundaries to include these customers as well as other properties that are reasonable. On January 3, 2008, Northern and Southern Sunrise filed for this extension, after which the Commission required the company to notify residents within those areas and to also publish the notice in local papers.

#### **If I own a well for personal use on my single parcel of land, how will this affect me?**

You will not be affected unless you decide to become a customer of Northern or Southern Sunrise. If you decide to become a customer and also want to keep your well operable, you will have to install a backflow prevention device at your cost and maintain that device at your cost. If you decide to become a customer but no longer need or want your well to be operable, you will be required to properly cap your well to avoid having to install a backflow prevention device.

#### **If I wrote to the Commission to have my property excluded from the service area, per the notice I received, will it automatically be excluded?**

No. The Commission will decide as part of the overall CC&N decision which areas will be included and which will not. However, as discussed above, if you have your own personal well, you will not be required to disconnect from your well and become a customer of Northern or Southern Sunrise.

**If I and other people share ownership of a well, how will we be affected?**

If you decide not to become a customer of Northern or Southern Sunrise, you will probably not be affected. The actual effect on any particular situation of this type will depend on the outcome of a probable investigation/inspection done by Commission Staff of the particular well ownership agreement. If you decide to become a customer and also remain connected to your well in any way, you will be required to install a backflow prevention device at your cost and maintain that device at your cost.

**If I own a well and am furnishing water to other users who do not have any ownership interest in my well, how will this affect me and those connected to my well?**

You, as the well owner, could be considered a public service corporation that is regulated by the Commission (i.e., you may be a water company). If the Commission found that you are a public service corporation, you would be required to disconnect all the non-well owners from your well because one water company cannot operate inside the certificated area of another water company (i.e., your water company cannot exist inside the certificated area of Northern or Southern Sunrise), unless it is separately granted a CC&N. You could stay connected to your well and serve yourself, but each of the other people would either have to drill their own individual well to serve themselves or become a customer of Northern or Southern Sunrise. If you and the people served by your well were excluded by the Commission from the certificated area of Northern or Southern Sunrise and your arrangement was found to be a public service corporation, you would be under the jurisdiction of the Commission and be required to file an application with the Commission for a CC&N. If you and the people served by your well were found not to be a public service corporation, you would not be under the jurisdiction of the Commission.

**When any well is serving more than one connection, does that water system have to comply with the requirements of the Arizona Department of Environmental Quality (ADEQ)?**

To be sure, you should contact ADEQ. However, in general, ADEQ regulates only those water systems serving 15 connections or more; or 25 people or more. For example: If the water system serves 10 homes and each home only has two residents, that system is probably not regulated by ADEQ. If the water system serves 10 homes and each home has three people, that system would probably be regulated by ADEQ and would be required by ADEQ to meet all its requirements (the same would apply to a water system serving 15 homes with one person in each home).

**What happens next?**

The Commission has not yet made a determination on Northern and Southern Sunrise Water Company's request to expand their CC&Ns service areas, but values input from the public. As such, the Commission will hold a **public comment session** in Sierra Vista on **June 23, 2008** to precede the hearing. **It will take place at the Windemere Hotel & Conference Center at 2047 South Highway 92 in Sierra Vista, beginning at 4:30 p.m.**

**NOTICE OF FILING**

Northern Sunrise Water Company and Southern Sunrise Water Company ("Applicants") hereby submit this Notice of Filing in the above-captioned matter ("Application"). Pursuant to the Procedural Order dated June 3, 2008, Applicants mailed to property owners in the requested extension territory a copy of the notice regarding the Commission's Public Comment Meeting

1 scheduled for June 23, 2008 and extension of the intervention deadline to July 1, 2008 ("Second  
2 Notice"). Attached hereto as Exhibit 1 is a copy of the Second Notice, along with a list of  
3 property owners to whom it was sent. This Second Notice was mailed on June 10, 2008.

4 Since the Application was filed on January 3, 2008, the Commission has received several  
5 hundred letters from property owners who wish to have their properties not included within the  
6 requested extension area. After considerable effort to map the location of these properties,  
7 Applicants have determined that some of these properties are already located within the  
8 Applicants' respective Certificate of Convenience and Necessity ("CC&N"). In addition, several  
9 properties are located outside the requested extension area. Many of the letters received by the  
10 Commission are form letters sent by a local real estate agent, Chuck DeLeal, on behalf of  
11 property owners. A copy of a notice provided by Mr. DeLeal is attached hereto Exhibit 2. Some  
12 of the letters are the result of the property owner receiving the initial public notice in error.

13 Therefore, in an effort to avoid further confusion, Applicants mailed a clarification letter  
14 to various property owners whose properties are located outside the requested service territory on  
15 June 13, 2008. The letter was to inform this class of property owners that either: 1) an original  
16 notice was incorrectly sent to them, or 2) they have requested for their property to be excluded  
17 from Applicants' service areas although their properties are not located within the requested  
18 service area (or existing CC&Ns). Included in the clarification letter was information regarding  
19 the Commission's June 23, 2008 Public Comment Session. Attached hereto as Exhibit 3 is a  
20 sample copy of the clarification letter, along with a list of property owners to whom this  
21 information was sent.

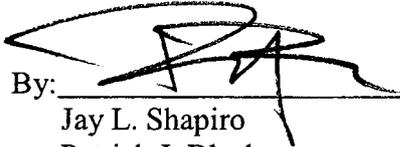

22 In addition, Applicants mailed a clarification letter to various property owners whose  
23 properties are currently located within Applicants' existing service area. The letter was to inform  
24 these property owners that either: 1) an original notice was incorrectly sent to them, or 2) they  
25 have requested for their property to be excluded from Applicants' requested extension area  
26 although their properties are already located within Applicants' existing service area. Included in

1 the clarification letter was information regarding the Commission's June 23, 2008 Public  
2 Comment Session. Attached hereto as Exhibit 4 is a copy of the clarification letter, along with a  
3 list of property owners to whom this information was sent.

4 Although not required by the June 3, 2008 procedural order, Applicants believe that  
5 mailing the numerous clarification letters to affected property owners should help to alleviate any  
6 confusion regarding the Application.

7 DATED this 19th day of June, 2008.

## NOTIFICATION TO HEREFORD/PALOMINAS RESIDENTS

The ALGONQUIN WATER COMPANY ALSO KNOWN AS THE ALGONQUIN POWER INCOME FUND IS attempting to take away YOUR Water well(s) and water rights. This Corporation is also known as NORTHERN SUNRISE WATER COMPANY AND THE SOUTHERN SUNRISE WATER COMPANY.

The attached copy of the letter from the ALGONQUIN WATER COMPANY, each property owner and well holder was supposed to receive this letter. It appears that less than one in fifty actually received the letter.

The affect of this preemption of water and well rights will in all probability be approved by the ARIZONA CORPORATION COMMISSION unless there are sufficient protests and exclusion requests. IF each property DOES NOT opt to be excluded from the proposed extension of certificates (area) they will AUTOMATICALLY be included in the water company's area and their right to their own well and water therein will be taken away by the ARIZONA CORPORATION COMMISSION and given to the ALGONQUIN WATER COMPANY. Based on the limited number of connection you can expect to be charged at least \$1000.00 initial connection fees and at least \$50.00 Since the ALGONQUIN WATER COMPANY has no distribution system in most areas extensive delays, as very significant additional costs will probably be the facts of life.

**OUR ONLY RECOURSE IS TO FILE THE NECESSARY REQUEST FOR PROPERTY EXCLUSION WITH THE ARIZONA CORPORATION COMMISSION BY THE JUNE 13 2008 DEADLINE.**

You can fill out the required original and thirteen copies your self or you can have the below listed company will insure that all necessary and required information is properly presented to insure that your property is excluded from the extended service area. I feel the nominal fee of \$5.00 is very reasonable considering the fact our Water Rights are at stake.

Sierra Bonita Land and Home  
520-803-9465

Simply call the above and provide your name and address and they will prepare the necessary documents in the proper format.

Also please note the ALGONQUIN WATER COMPANY, which is owned by the ALGONQUIN POWER INCOME FUND is a FOREIGN OWNED COMPANY OPERATED FROM CANADIAN

**NOTICE OF CC&N EXTENSION**

**EXTENSION OF THEIR**  
**CERTIFICATES OF CONVENIENCE AND NECESSITY TO PROVIDE**  
**WATER SERVICE IN COCHISE COUNTY, ARIZONA**  
**DOCKET NO. W-20453A-06-0247**  
**DOCKET NO. W-20454A-06-0248**

On January 3, 2008, Northern Sunrise Water Company and Southern Sunrise Water Company (collectively "Applicants") filed with the Arizona Corporation Commission ("Commission") a "Compliance with Decision No. 68826." By their filing, Applicants seek to amend their Certificates of Convenience and Necessity ("CC&Ns") pursuant to Decision No. 68826 (June 29, 2006).

By Procedural Order dated February 28, 2008, the matter was set for hearing on July 8, 2008, and the Applicants were ordered to mail notice to the affected property owners. Initial efforts to provide notice to the affected property owners resulted in confusion concerning the nature of the application, as well as about which properties were included in the Applicants' request to extend their service areas. It appears that some affected property owners did not receive notice and that others, whose property is not within the proposed extension areas, did receive notice.

By Procedural Order dated July 2, 2008, the Commission continued indefinitely the hearing originally set in this matter to commence on July 8, 2008. In addition, the Commission scheduled a Procedural Conference on July 8, 2008, for the purpose of discussing how to provide notice and establishing a new schedule for the proceeding.

Commission Staff has filed a Report recommending that the Commission not approve certain portions of the Applicants' requested extension area.

**YOU ARE RECEIVING THIS NOTICE BECAUSE YOUR PROPERTY IS LOCATED WITHIN THE REQUESTED EXTENSION AREA. ENCLOSED HEREIN IS A DETAILED MAP, WITH STREET LOCATIONS, DEPICTING:**

1. Applicants' existing service territory;
2. The service area extension requested by Applicants in this proceeding; and
3. The area that Commission Staff recommends should **not** be included in the extension area.

**THE COMMISSION WILL HOLD AN EVIDENTIARY MEETING ON THE APPLICATION ON \_\_\_\_\_, 2008, AT \_\_\_\_\_ p.m., AT THE WINDERMERE HOTEL, 2047 S. HIGHWAY 92, SIERRA VISTA, ARIZONA 85635.**

If you previously requested to have your property excluded from the proposed service area, your property will *not automatically* be excluded, but rather the commission will decide based on all the evidence in the record which areas will be included and which will not. [Please take the time to review the enclosed map and confirm that your property is located within the Applicants' requested extension area].

**IF THE APPLICATION IS APPROVED, PROPERTY OWNERS WITH PERSONAL WELLS WILL NOT BE REQUIRED TO TAKE SERVICE FROM APPLICANTS, OR TO DISCONNECT FROM THEIR PRIVATE WELLS TO BECOME CUSTOMERS OF ONE OF THE APPLICANTS.**

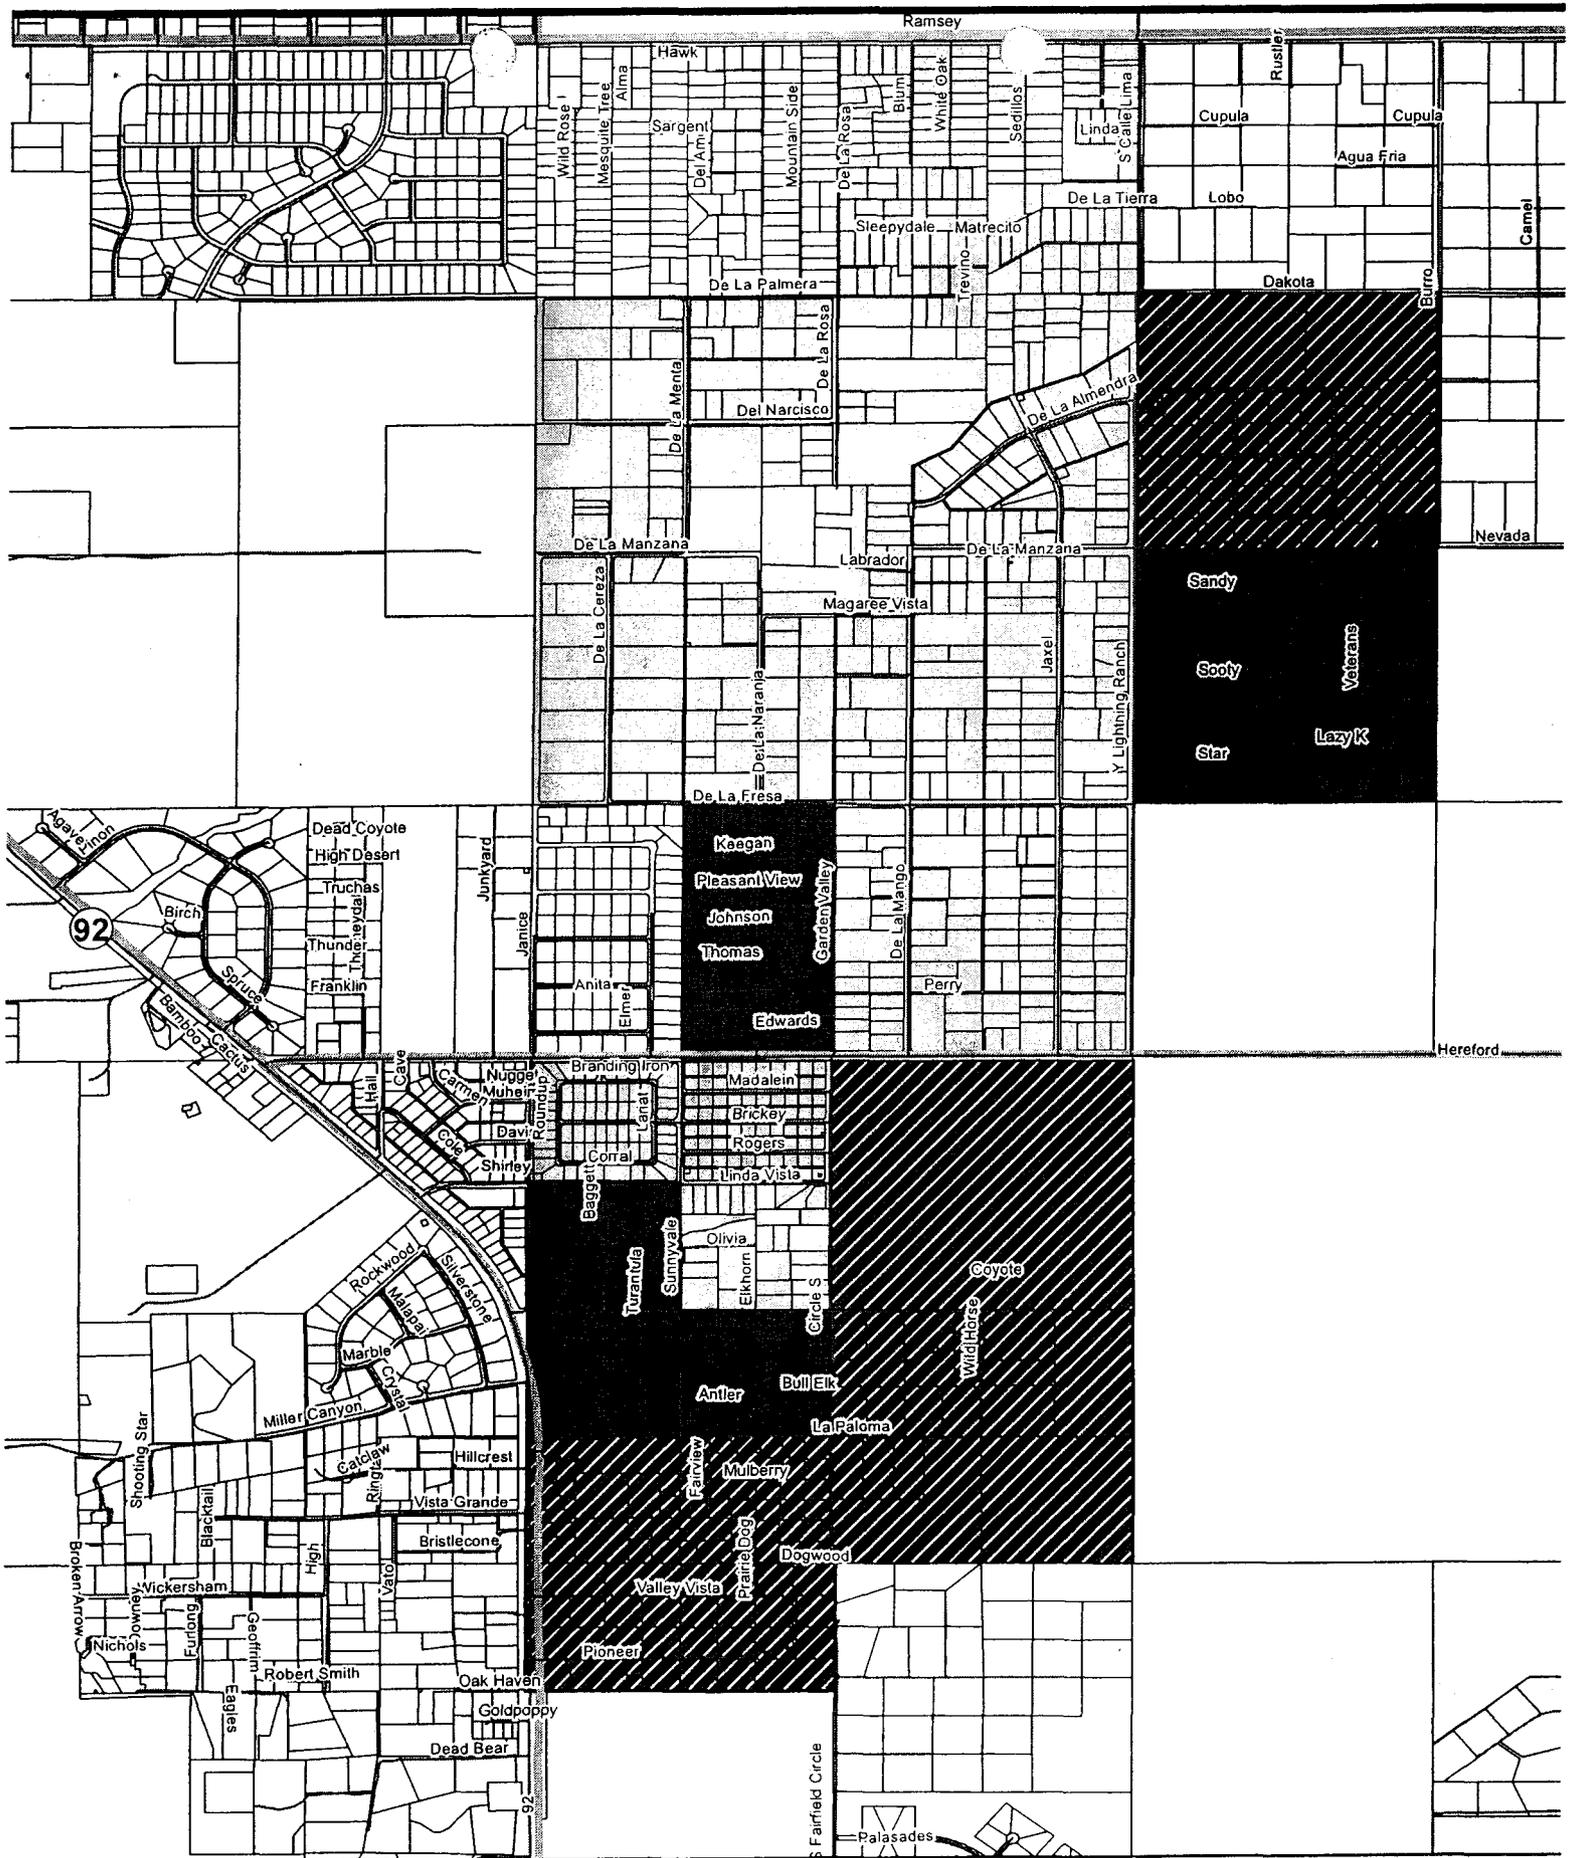

If you have any questions about this Notice, you may contact Applicants at Algonquin Water, c/o Greg Sorensen, 12725 W. Indian School Road, Suite D-101, Avondale, AZ 85392, (866) 681-4506. If you want further information on intervention or have questions on how to file comments, you may contact the Consumer Services Section of the Commission at 1200 West Washington Street, Phoenix, Arizona 85007, or call 1-800-222-7000. You can also reach the Commission's Tucson Office at (520) 628-6550.

The Commission does not discriminate on the basis of disability in admission to its public meetings. Persons with a disability may request a reasonable accommodation such as a sign language interpreter, as well as request this document in an alternative format, by contacting Linda Hogan, ADA Coordinator, voice phone number 602/543-3931, E-mail LHogan@azcc.gov. Request should be made as early as possible to allow time to arrange the accommodation.
