Decision No. 65277

2008 Annual Water Loss Report

Enclosed please find copies of our water sold and water loss report for the calendar year 2008. We have reduced our annual water loss to approximately 7%. The last month our water loss was approximately 4%. We have strived to keep our lines leak free. We know we have unaccountable water losses from time to time. These include occasional losses we cannot calculate when a leak occurs.

Our water lines consist of approximately 30 miles of pipe thru rural areas. We are unpaid volunteers who diligently respond to leaks, and strive to repair leaks in a timely manner. Our customers help watch for leaks, and we continuously monitor our lines. Most of our main lines are in rural areas and a leak is not always discovered as quickly as we would like.

Please contact me with any questions regarding this report.

Sincerely,

Susan Haas, Statuary Agent  
Eagletail Water Co., LLC
