Mr. Stump:

I am a resident of Sun City West and would like to voice my concern about the 79.8% rate increase that Arizona American Water has requested. I realize that rate increases are often necessary to upgrade, repair and replace equipment. However, this percentage is unacceptable. Please bear in mind that inflation adjusted increases are acceptable and other modest increases are acceptable, but this percentage is entirely out of line. Thank you for your attention to our interests concerning this rate increase.
