2.2 Long Distance Package Calling Plans (Continued)

2.2.3 Zona Unlimited Long Distance Plan (T)

Zona's Unlimited Long Distance Plan is available to those residential customers who subscribe to Zona's residential local service packages or other packages, as may, from time to time, be developed. Zona's Unlimited Long Distance Plan calling scope includes only the 50 states of the United States. (T)

Zona's Unlimited Long Distance Plan cannot be used for long distance access to autodialing, chat room calls, data devices, fax machines, Internet, mass communication, telemarketing, and 900 or 976 type numbers. Zona reserves the right to discontinue service to customers on the Calling plan that are determined to have long distance calling patterns that are atypical of normal residential customer usage. (T)

The maximum rate for the Zona Unlimited Long Distance Plan is \$35.95 per month. The current rate is \$20.00 per month. If a customer exceeds what the Company considers to be a normal amount of residential toll usage in any month, the residential customer may be billed a rate up to \$0.10/minute above the typical usage amount. (T)

This plan is not to be combined with any other discount plans for the same customer with multiple lines.
