Case or Utility Name: Beaver Dam Water  
Position on Docket: Con

I agree that the water company should have a increase but at 100% increase seems excessive. Being retired on a fixed income I have never received a 100% cost of living. Also the rate increase identified do not reflect the way our HOA is billed we are charged by a bulk meter divided by the # of doors being served. A proposal to meter individual homes was made by Beaver Dam water with all costs to be absorbed by the home owners with control over to Beaver Dam Water. We believe this cost should be the water companys because it is upgrading there system by putting in individual meters.
