Commissioners and Judge Sarah Harpring

I would like to comment on the up coming hearing for the proposed UCSA at Hillcrest Bay Mobile Manor in Parker, Az. On July, 3rd, 2008, the commission issued a PROCEDURAL ORDER which ordered several items to be completed by May 1st 2009. One of the items is a new petition indicating whether the owners of each parcel support or oppose the UCSA. This was done on August, 2008. Since this "survey" was done, the country has slid into an economic recession not seen since the Great Depression. President Obama was quick to react with a stimulus package but has stated that things will get worse before they get better. Senator McCain said the passage of the stimulus package was a bad day for America. My point is that the vote taken in August, 2008, for the UCSA does not reflect the economic mood that exists today. I know of many homeowners that since August of 2008 have changed their minds and no longer wish to support the UCSA.

I am therefore asking the Commission to order that a new vote be taken that will reflect the current feeling of the homeowners. There have been a least 2 foreclosures recently and there will likely be more, especially if the UCSA is approved. Please consider this request because approval of the UCSA will further weaken the financial situation for the full time residents of Hillcrest Bay. The majority of the full time residents of Hillcrest Bay do not support this project.

Thank You
