NewPath are asking to place their equipment. The equipment is very intrusive an will be an eyesore through out our community. We are particularly concerned that they do not receive CCN status. They are difficult to deal with as it is and if granted the CCN status it will be nearly impossible. We request that you do not grant them CCN status. It is our understanding they do not need this status and that they only want it in order to place their equipment where ever they like without regard to the communities needs or desires.

We thank you for your assistance and consideration in this matter. Grayhawk is a beautiful community and we do not need or want these NewPath sites scattered through our community.

**Investigator's Comments and Disposition:**

3/11/2009 - Email to Customer:

Dear Mr. Tait,

Your email dated March 6, 2009 regarding the application requesting approval of a Certificate of Convenience Necessity filed by Newpath Networks, LLC ("Newpath") sent to Commissioner Newman's office has been assigned to me for further handling. An opinion will be placed on file with the Docket Control Center of the Arizona Corporation Commission ("Commission") on your behalf to be made part of the record. The Commission will take your comments into consideration before a decision is rendered in the Newpath application.

The concerns raised in letters received from customers will assist the Commission within the investigation and review of the application. The Commission's independent analysis of the utility and its request attempts to balance the interest of the utility and its customers. Commission Staff is very sensitive to the burden that can be placed on the consumer and does everything within its authority to protect the consumer.

Commission staff appreciates the time you have taken to express your comments and concerns on the proposed matter. If you should have any questions relating to this issue, please call me toll free at (800) 222-7000 or directly at [REDACTED]

Thank you,
