RE: Johnson Utilities, L.L.C.: Compliance with Decision No. 69414
ACC Docket No. WS-02987A-06-0663
RE: ADEQ Approval to Construct for the water facilities
ADEQ General Permit for the wastewater facilities
Amendment of the Section 11 Wastewater Treatment Plant to 4 MGD

Dear Mr. Johnson:

Pursuant to the above mentioned decision, Johnson Utilities is required to file with Docket Control, a copy of the ADEQ Approval to Construct for the water facilities, the General Permit for wastewater facilities, and the Aquifer Protection Permit expanding the Section 11 Wastewater Treatment Plant to 4 MGD. Johnson Utilities hereby requests for a 24 month extension of time to file these compliance orders. The developer has delayed the start of the project due to the current slow down in the real estate market. This has caused a delay in the need for obtaining the required compliance orders to serve the Skyview Farms development. The developer is still in need of service and will be sending a letter to Johnson Utilities reaffirming this need. As soon as this letter is received from the developer it will be submitted to you for your consideration in granting this request.

If you need any additional information in regards to this compliance item, please do not hesitate to contact me. Thank you for your time and consideration in this matter.

Sincerely,

Brian P Tompsett
