AZ CORP COMMISSION
DOCKET CONTROL

RE: Motion to intervene in the Application of Beaver Dam Water Company, Inc. for increase in its Rates and Changes of utility service.

DOCKET No: W-03067A-08-0266 and W-03067A-08-0380

We wish to intervene in the application for increases in the Water Rates and Charges filed by Beaver Dam Water Company. We are residential customers of the Utility and therefore have an interest in the ramifications of an additional increase in the water rates.

This community is made up of elderly and retired people on fixed incomes. There are many of these families struggling with unemployment because of the national economic crisis. There are many taxes being raised to make it harder for people to meet their obligations. What happens if people are unable to pay for this service. With the kind of raise in price that Beaver Dam Water is asking for, (100%) it is totally unreasonable and irresponsible. The company does not show any responsible effort to upgrade their water system in the subdivisions and the water has a terrible taste.

Beaver Dam Water has expanded in the past few years. The economic crisis has slowed our growth. Why is it necessary for expansion at this time without improving water quality and the service lines. We need proper regulation by this agency to protect the citizens of our community. The State of Arizona has this obligation and duty to the citizens of Littlefield and Beaver Dam, Arizona.

Sincerely,

Dale & Marge Ruby

Step 3

ENTER YOUR COMMENTS HERE:

We strongly object to the request for Beaver Dam Water Company to raise our monthly rate and also raise the usage rate. We object to a 100% raise. There needs to be an upgrade in his services before any such rate increase, by upgrade improve the water quality and the lines in the subdivision.

If you need additional space for your comments, please use the continuation page below.
