DECISION NO. 70848

ORDER

Open Meeting
March 3 and 4, 2009
Phoenix, Arizona

BY THE COMMISSION:

On July 31, 2008, Staff of the Utilities Division ("Staff") of the Arizona Corporation Commission ("Commission") docketed a memorandum requesting to have a docket opened for purposes of amending Arizona Administrative Code ("A.A.C.") R14-2-207, R14-2-208, R14-2-506, and R14-2-507, of the Fixed Utilities Rules. As a result, this docket was opened.

On January 7, 2009, Staff docketed a memorandum requesting to have the caption for this docket revised to reflect that A.A.C. R14-2-209 would also be included in the rulemaking.

* * * * *

Having considered the entire record herein and being fully advised in the premises, the Commission finds, concludes, and orders that:

FINDINGS OF FACT

1. Staff is recommending amendments to A.A.C. R14-2-207, R14-2-208, R14-2-209, R14-2-506, and R14-2-507, of the Fixed Utilities Rules, related to electric utilities and telephone utilities.

2. Specifically, the recommended amendments would:

21
CB

- 1 a. Update references to the 1997 National Electrical Safety Code to the 2007
2 edition;
- 3 b. Update the reference to the 1995 ASME Code for Pressure Piping to the 2007
4 edition, which has a revised title;
- 5 c. Update the reference to the 1989 American National Standard for Electric
6 Power Systems and Equipment-Voltage Ratings (60 Hertz) to the 2006 edition;
- 7 d. Update the reference to the 1995 American National Standard Code for
8 Electricity Metering to the 2008 edition, which has a revised title;
- 9 e. Expressly identify the publishers of the materials incorporated by reference, to
10 be consistent with Arizona Revised Statutes ("A.R.S.") § 41-1028 and the
11 rules of the Secretary of State;
- 12 f. Update the mailing addresses and add website addresses for the publishers of
13 the materials incorporated by reference;
- 14 g. Change the location where the materials incorporated by reference are on file,
15 from the Office of the Secretary of State to the Commission, to be consistent
16 with A.R.S. § 41-1028 and the rules of the Secretary of State; and
- 17 h. Make minor stylistic revisions to the affected subsections to make the
18 subsections more clear, concise, and understandable.

19 3. Staff believes the recommended amendments will benefit the general public by
20 maintaining the safe operation of electric and telephone utilities.

21 4. Staff has consulted with the Hearing Division regarding the recommended
22 amendments and the process and timeline for the rulemaking.

23 5. A.R.S. § 41-1028 allows an agency to incorporate by reference in its rules all or any
24 part of a code or standard of a nationally recognized organization or association if incorporation of
25 the text in the rules would be unduly cumbersome, expensive, or otherwise inexpedient. The
26 statute requires the reference to fully identify the incorporated matter by location, date, and
27 otherwise; to state that the rule does not include any later amendments or editions of the
28 incorporated matter; and to state where copies of the incorporated matter are available from the
agency issuing the rule and the organization or association originally issuing the matter. Further,
the statute provides that an agency may incorporate later amendments or editions of the

...

1 incorporated matter only after compliance with the rulemaking requirements of A.R.S. Title 41,
2 Chapter 6, the Administrative Procedure Act.

3 6. The rules of the Secretary of State require an incorporation by reference to include
4 the publisher's name and address, the date of publication, and a location where the item is
5 available if different from the publisher's location. (A.A.C. R1-1-414.) The rule also clarifies that
6 items incorporated by reference and filed with an agency's final rules prior to September 18, 2003,
7 remain on file at the Office of the Secretary of State, while items incorporated by reference
8 thereafter are to be kept on file with the agency issuing the rule. (*Id.*)

9 7. A.R.S. § 41-1057(2) exempts Commission rules from A.R.S. Title 41, Chapter 6,
10 Article 5, pertaining to review and approval of rulemakings by the Governor's Regulatory Review
11 Council, but requires the Commission to "adopt substantially similar rule review procedures,
12 including the preparation of an economic impact statement and a statement of the effect of the rule
13 on small business."

14 8. A.R.S. § 41-1044 requires the Attorney General to review rules that are exempt
15 pursuant to A.R.S. § 41-1057 as to form and whether the rules are clear, concise, and
16 understandable; within the power of the agency to make; within the enacted legislative standards;
17 and made in compliance with appropriate procedures.

18 9. Staff recommends that the Commission direct Staff to file with the Office of the
19 Secretary of State, for publication in the *Arizona Administrative Register* no later than April 17,
20 2009, (1) a Notice of Rulemaking Docket Opening and (2) a Notice of Proposed Rulemaking that
21 includes the text of the rules as included in Exhibit A, attached hereto and incorporated herein by
22 reference.

23 10. Staff recommends that the Commission direct the Hearing Division to hold an oral
24 proceeding to receive public comment on the Notice of Proposed Rulemaking on June 4, 2009, at
25 10:00 a.m. or as soon as practicable thereafter, in Hearing Room No. 1 at the Commission's offices
26 in Phoenix, Arizona.

27 11. Staff further recommends that interested persons be requested to provide initial
28 comments concerning the Notice of Proposed Rulemaking by filing written comments with the

1 Commission's Docket Control by May 18, 2009; be requested to provide comments in response to
2 other interested persons' comments by filing written comments with the Commission's Docket
3 Control by June 1, 2009; be permitted to file written comments through June 4, 2009; and be
4 permitted to provide oral comments at the oral proceeding to be held on June 4, 2009.

5 12. Staff further recommends that the Commission establish additional procedural
6 deadlines and requirements consistent with the Administrative Procedure Act and prior
7 Commission rulemakings.

8 13. We find that it is appropriate to establish in this Order requirements regarding the
9 contents of the Preamble to the Notice of Proposed Rulemaking; Staff's ensuring that misfiled
10 comments are filed with the Commission's Docket Control; Staff's preparation and filing of an
11 Economic, Small Business, and Consumer Impact Statement; and Staff's filing of summaries of
12 interested persons' comments and Staff's responses thereto.

13 CONCLUSIONS OF LAW

14 1. Pursuant to Arizona Constitution, Article XV, § 3 and A.R.S. §§ 40-202, 40-203,
15 40-321, 40-322, and 40-336, the Commission has jurisdiction to amend A.A.C. R14-2-207, R14-2-
16 208, R14-2-209, R14-2-506, and R14-2-507 as reflected in Exhibit A.

17 2. Staff's recommendations made in Findings of Fact Nos. 9 through 12 are
18 appropriate and should be followed.
