Subject: Johnson Utilities expansion

I strong can strongly urge you to reconsider allowing George Johnson i.e.. Johnson Utilities from expanding their service area. History has proven time and time again as does the present that they are not capable of serving their current customers without back-ups, spills and violations and knowingly/unknowingly putting the public in harms way. I would also strongly request that finally Johnson Utilities is held responsible with all their mishaps, as a slap on the wrist and minor fines are not making this company see the light and making them abide by laws set forth. Time has long passed for this company to do what is right, to follow the letter of the law and provide their customers in a safe and legal manner.

I trust that you will do what is right by the law as well as what is right by the communities they serve.

Thank you in advance.

Sincerely,

John M. Pardue Sr.
