COMMENT:

20.8% rate increase is very high. The information they sent me said it is roughly \$7.05/month. In this economy I do understand the need for increase in revenue, however, this is extreme. I feel a 5-10% increase would be significant enough and should be the maximum. I am not on a fixed income as a significant number of our residents in Apache Junction and I feel this can be devastating at a time like this for them. It will be difficult for me. Please cap this increase at a more manageable level. Thank you for your time and consideration.
