Re: Docket #W-20435A-07-0649 Decision #70202 – Compliance Item

Please be advised that we are requesting an extension of time regarding the compliance item that addresses a permanent rate application for Sonoita Valley Water Company

This item was to be addressed by April 30, 2009; however, other more pressing issues needed to be addressed and therefore delayed the application process.

We respectfully request at least a 90 to 120 day extension to ease the time crunch on this small company. It is our desire to address this issue as soon as possible

Thank you in advance for your consideration in this matter.

Sincerely,

Bonnie O'Connor, VP
Southwestern Utility Management, Inc.

For
E.H. Lewis, Owner
Sonoita Valley Water Co.
