Dear Arbitrators Farmer and Nodes:

In reference to the above-captioned docket, there are two matters not addressed at last week's pre-hearing conference that Qwest believes should be resolved before the hearing begins. In light of the tight timeframe in which the hearing will proceed, Qwest recommends the following.

- 1) **Opening Statements:** Qwest recommends dispensing with opening statements for all parties so that we can begin with witnesses at the start for the hearing on July 16, 2001.
- 2) **Witness Summaries:** Qwest recommends that each witness be limited to a five minute summary at the beginning of his or her testimony.

We invite the other parties to provide input on the matters outlined above, but hope the Arbitrators can decide these matters by Friday, July 13, 2001. Thank you in advance for your attention to these matters.
