RE: IN THE MATTER OF THE APPLICATION OF LITCHFIELD PARK SERVICE COMPANY FOR A NEW CODE OF PRACTICE TARIFF (DOCKET NO. SW-01428A-08-0442)

Introduction

On August 25, 2008, Litchfield Park Service Company – Wastewater Division (“Company”) filed for a New Code of Practice Tariff. The proposed Tariff sets forth certain waste limitations and pretreatment standards that apply based on the class of commercial/industrial customer served by the Company’s wastewater treatment facilities located in Maricopa County, Arizona. Customer classes include dental offices, dry cleaners, food service establishments, photo imaging operations, RV parks, and pretreatment for industrial wastes. The new tariff, if approved, will govern the type and quality of waste discharged into the Company’s wastewater collection system and treated at its wastewater treatment facilities.

Suspensions of Tariff

In Decision No. 70528 (September 30, 2008), the Commission suspended the requested tariff filing for a period of 84 days, through and including December 17, 2008, to provide Staff time to complete its review of the proposed tariff.

In Decision No. 70646 (December 17, 2008), the Commission suspended the requested tariff filing for a period of 162 days, through and including May 28, 2009, to provide Staff time to complete its review of the proposed tariff and provide additional time for the Company to submit an amended Aquifer Protection Permit.

Staff's Latest Request

Staff needs additional time to complete its review of the proposed tariff. As part of its review, Staff had a meeting with the Company and requested additional source documentation for the pretreatment standards, i.e., Federal and State standards, City Ordinances, Uniform Plumbing Codes, etc. The Company does not object to this latest suspension request. Therefore, Staff recommends that the filing be suspended for another fifty-four (54) days.
