Docket you wish to comment on: WS-02987A-08-0180
Position on docket: Con

The Corporation Commission is approving Johnson Utilities sewer rates on a per hookup basis. In my case \$38.50/month.

I am a single retired individual who is using 2 to 3000 gal per month of water.

My neighbor is a married couple with 3 children who is using in excess of 8000 gallons of water per month. His sewer bill is the same as mine.

My research has shown that nearly all public utilities in AZ bill sewer as a function of water usage. Usually with an accounting for summer landscape usage.

Why isn't the commission using a similar billing approach with Johnson utilities, where Johnson is both the water and sewer provider????
