Nature of Complaint:

(Docket No. WS-01678A-09-0376)

Customer just received notice that Baca Float is coming before the Commission to have a proposed rate increase .

Customer said that Baca Float Water Company is asking for a 100% rate increase which customer believes is way too high and out of line. Customer said that the realizes that the Arsenic problem is what is the root cause of this increase but customer said that each water company should be able to clean its own arsenic levels at a much lower price than how the state of Arizona currently has it set up. Customer is against this proposed rate increase.
