COMPANY: Sulphur Springs Valley Electric Cooperative, Inc.      AGENDA ITEM NO. U-1

DOCKET NO. E-01575A-08-0328      OPEN MEETING DATE: August 17, 2009

Page 35, Line 12.5, INSERT:

“The Commission believes it is in the public interest for SSVEC’s customers to be accorded an opportunity to use third party contractors for line extensions which would otherwise be designed and constructed by SSVEC. Providing customers the option to use non-utility contractors introduces forces which could potentially minimize costs. If an SSVEC customer elects to utilize third party contractors, the customer and customer’s contractor must be prepared to meet all SSVEC’s design and specification standards. SSVEC should file a tariff no later than October 2, 2009 delineating the appropriate criteria for allowing a customer to use his/her own contractor (insured, bonded, and registered with the Arizona Registrar of Contractors) to construct his/her own line extension and service line. Further, we believe the Company should inform its customers of this option both verbally and in writing.”

Page 47, Line 19, INSERT NEW ORDERING PARAGRAPHS:

IT IS FURTHER ORDERED that Sulphur Springs Valley Electric Cooperative, Inc. shall inform customers seeking a line extension of the self-build option both verbally and in writing.”
