I am a resident of Tunnel Springs, in Sonoita, one of the diverse communities known collectively as the Mountain Empire. There are many important reasons for Sulphur Springs Valley Electrical Cooperative to conduct an independent feasibility study to address the reliability and connectivity issues in our community. Please order SSVEC to conduct such a study as part of their rate increase because we are concerned that our cooperative dollars are not being sent in a fiscally responsible manner. My additional personal reasons for this request include protecting the environment.

Thank you for your consideration.
