INSERT

“Residential TOU Participation

Arizona Corporation Commission

DOCKETED

AUG 14 2009

DOCKETED BY

The Commission is concerned by the lack of participation in the Cooperative’s Residential TOU program, and believes this may signal that the Cooperative’s Residential TOU program does not offer ratepayers a realistic opportunity to save money by shifting their usage to off-peak hours. We will require the Cooperative to submit an annual report to the Commission detailing the total number of Residential TOU ratepayers and the savings or losses experienced by each ratepayer on the Residential TOU plan.

If, after two years from the effective date of this decision, less than 10% of eligible ratepayers are participating in Residential TOU plan, we will require SSVEC to file a plan, for Commission approval, to increase participation in the Residential TOU plan to at least 10%. The plan may include, among other things, additional advertising of the Residential TOU plan or modifications to the on-peak/off-peak hours or rates of the Plan.”

Page 47, Line 19

INSERT new ordering paragraph:

“IT IS FURTHER ORDERED that Sulphur Springs Valley Electric Cooperative, Inc. shall file in this docket one year from the effective date of this decision, and annually thereafter, a report detailing the total number of Residential TOU ratepayers and the cost savings or losses experienced by each participant in the Residential TOU plan. If, after two years from the effective date of this decision, less than 10% of the eligible ratepayers are participating in the Cooperative’s Residential TOU plan, we will require SSVEC to file a

plan, for Commission approval, to increase participation in the Residential TOU plan to at least 10%.”

Conforming changes.
