Subject: ARIZONA PUBLIC SERVICE RATE HIKE

REF: E-01345A-08-0172

As per our phone conversation, I am writing this for you to give to "ALL" the commission members. That is, objection to ALL OR ANY RATE HIKES requested by APS. I know they have lawyers finding reasons to raise our rates. If they want to save money, suggest they get rid of those people first. Fuel prices are down, our unemployment is double diget and lots of people are losing jobs or at very least taking pay cuts or working less hours. If their labor cost are up, suggest they call the employment office and hire people who will work for less or at least offer that option to the folks there now. There can be no justifaction to raise rates! I think the ACC should explore making them reduce the existing rate to one of several years ago when the economy was down. Our city employees are going without cost of living increases and our city is leaving jobs vacant to save money. Why should APS continue to rape this state with outrageous increases. Someone needs to slap a couple of those folks for even trying. Elgin Everly Yuma Az.
