RE: 2008 Arsenic report

We have completed the drilling of our new well and the construction of our storage tank. We received our Approval of Construction in August 2008.

We submitted a rate case application in August 2008 and completed the rate case in April 2009. As per the attached tariff, decision #70954 removed the \$4.82 arsenic surcharge from our rate schedule and we stopped assessing this charge as of May 1, 2009.
