Subject: APS rates

ORIGINAL

Please, Mr. Newman, do not allow APS to raise their rates, again. Please Please Please

Let their stock holders get less money. APS asks for just too many rate hikes. All of us are hurting, especially us senior citizens. Yes, times are tough for corporations such as APS, but they can tighten their belts more, like other companies are doing. They have asked for 4 rate hikes within the last 18 months.

Please, please do not allow this hike... at any rate whatsoever. The economy is hitting us hard and more expense will hurt.

Thank You
Marlene Louden
