**Re: Docket# E-01345A-07-0663 & T-01846B-07-0663**

Dear Sirs:

I would like to voice my support for the underground conversion service area (UCSA) project. I understand that we have a few people that are totally against this project and I want to make sure you hear from someone who is totally for the project and the benefits that it will add to our community.

We have such a unique community surrounded by red rock mountains on one side and our beautiful Lake Havasu on the other side. We have the national wildlife refuge with Bill Williams Arm extended behind us.

I don't want to see additional poles coming into this community. If you reject this project that is what is going to happen. This is a worthy project that will never come our way again. Your approval will be greatly appreciated by the majority that voted to support this project.

Sincerely,

Brian Wood
