ARIZONA CORPORATION COMMISSION
DOCKET CONTROL

Docket No. E-01345A-07-0663
Docket No. T-01846B-07-0663

Dear Judge Harpring and Commissioners,

In good faith I have supported this underground process with the expectation that it would be a huge benefit to this beautiful part of Arizona and that you would approve of this improvement to our community for this reason alone.

In spite of some who continually try to change my mind with letters besmirching this effort to improve Hillcrest Bay, I still support it.

Our location is in a beautiful environment. Getting rid of this outdated, older system would be a major plus for the environment. It is not about the view to the lake; it is about the living standard, the community standard, the long term positive result on this almost pristine area.

If you have any concern for improving the environment in our area, you will approve this under grounding of the utilities.

Respectfully,

Larry Greseth
