RE: Abel-Moody 230kV Transmission Line Project, Docket No. L-00000B-09-0311-00148,
Case 148

Dear Mr. Kearns:

On June 12, 2009 the Salt River Project Agricultural Improvement and Power District (SRP) filed an application with the ACC for a Certificate of Environmental Compatibility (CEC) for the Abel-Moody 230kV Transmission Line Project. SRP also paid the applicable filing fee for this project of \$1000.

As a follow up to our conversation last week and pursuant to paragraph 4 of the Procedural Order issued on June 17, 2009, SRP agrees to reimburse the ACC on behalf of the Siting Committee for any expenses associated with this transmission siting case, including expenses of the Siting Committee members that exceed the \$1000 filing fee. Because the hearings will be held at the ASU Polytechnic Campus in Mesa, Arizona on August 5-7, 2009, we understand that the committee members will be responsible for making their own hotel arrangements. All invoices should be sent to Tom Novy, the Project Manager, at the following address:
