Far West is like Enron, Citi Bank, GMC, and Chrysler, the Ceo's live like kings and the user's are expected to pick up the tab. You say you misused the money but it really went in the high on the hog Far West pockets. In three or six months they will ask for more and you are going to say the user's have to bail you out again. Sounds like Ben laden Obama talking. Further more, I would like to know out of this bail out how much money is this high priced lawyer getting. "Swindler" I don't expect an answer because you don't care about the user's.
