Dear Commissioners:

We are very much opposed to this underground utilities project. WE ARE ASKING THAT YOU REMOVE OUR NAMES IF THERE HAS BEEN AT ANY TIME OUR NAMES AS BEING FOR THIS PROJECT. WE CANNOT POSSIBLY PAY FOR THIS PROJECT. We are living on our Social Security and a very small retirement which makes it impossible to pay the expenses required for this project.

We put our utilities underground at our house when we built it in 1974 and tried to not interfere with anyone's view in any way.

These properties have lost at least 45% of their value since this project has been proposed and a enormous amount of home owners dues have been used in paying for this even though many of us are OPPOSED to it.

Also we need the street lights for the fire department and police department.

Wayne Dunham would like to speak at the commission hearing in July,2009 to these issues stated.

Thank you for your time and consideration in this matter.
