Please read so you can update yourself on how George Johnson operates to achieve his ends. I am a victim of injustice, proported to be justice by this private utility provider that just doesn't appreciate being critized by his customers. Why should he be allowed to serve additional public, when he deprives his current public/customers, of our basic human rights, guaranteed by our Constitution?

How can you, as public servants, allow this private utility provider, who has hundreds of violations against his methods of operation, continue to treat his customers this way? I am looking to you elected officials, who function on my behalf, to bring justice to this ongoing problem we have with this man, who seeks to keep me quiet about his operations, by suing me for defamation of character and peaceful protests.....a character that he defamed on his own, and that multitudes of articles have been written about.

Can he be trusted with our lives, when he constantly circumvents the requirments placed upon him to guarantee our health and safety. He has demonstrated slothfulness and carelessness, with our health and welfare. He has defied orders from ADEQ, to build his plant according to their specifications. Should he be blessed,

approved and paid to continue in that mode of defiance, by the very people who were elected to protect the public....The Corporation Commissioners?

Please help me and my neighbors and fellow customers, so we don't live in fear.

Bambi.

Thank You,

Bambi Sandquist
