Memorandum for the Arizona Corporation Commission

By way of introduction I am the former Assistant Adjutant General of the Arizona Army National Guard and recently retired as the Director of the Arizona Department of Veterans' Services. I have been admitted to the State Bar of Arizona since 1980.

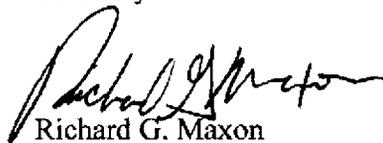

It is my pleasure to write to you on behalf of Mr. Robert (Bob) Hockensmith. Bob and I have known each other through our National Guard service for over twenty-five years. We have worked closely on many projects and served in the same commands throughout the years. Between 1999 and 2007, Bob worked directly for me in several different assignments. Additionally, Bob has freely given his time to assist me with some of my work as a volunteer with a number of Veterans organizations.

Bob is a man of strong character. I have found him to have a highly developed sense of honor, integrity and fair play. Bob could always be counted on to make the right decisions regardless of their difficulty. His devotion to his duties and his grasp of even the most complex issues are of the highest order. He is methodical in his analysis of background information and logical in his conclusions. He is even tempered and fully considers the facts and consequences of a problem before acting.

In my role as the commander of the Arizona Army National Guard, I looked upon Bob, who served as a Colonel on my staff, as one of my confidants upon whom I could rely for solid, practical advice. Although I have been retired for nearly two years, I still call upon Bob for his counsel. He always makes himself available and I truly value his insight, experience and analytic skills.

Should the opportunity present itself, I would truly look forward to working with Bob again in the future. I trust him and I trust his judgment.

Sincerely

Richard G. Maxon

Re: Robert Franklin Hockensmith, Jr.  
Docket No. S-20631A-08-0503

To Whom It May Concern:

I have known Bob Hockensmith since 1990 when I became an officer in the Arizona Army National Guard. I know him both personally and professionally, and want to share my experiences with you. Bob has provided me with financial, accounting and tax services, and we have always been happy with the services he provided. In our experience, Bob has always been honest, up-front, and shown personal character and moral courage. I have known him as a professional military officer for almost twenty years and he has always been beyond reproach morally and ethically.

I do not believe that Bob had anything to do with the theft of my investments with FOMAC. In fact, it was Bob who brought it to our attention, that Mr. Roberts had taken our funds. It is my understanding that Bob was the one who reported the theft and scheme to the FBI, and it was Bob who assisted the FBI & SEC in the investigation of Jim Roberts toward his conviction in the fraud. If Bob is guilty of anything, as I am, it is that we both are guilty of trusting someone (Mr. Roberts) that was unworthy of our trust. When this first happened I wondered how someone as sophisticated as Bob or me could be deceived as badly as we were. Several similar deceptive schemes have been uncovered recently, most notably Mr. Madoff of New York with assets of over \$50 billion being wiped out. If hundreds and thousands of sophisticated New York professionals, lawyers, doctors, celebrities and the like can be deceived to the tune of \$50 billion, then I can understand how we could also have been deceived. Bob did not do this; in fact he lost more money than most of us. I still go to Bob to have our taxes prepared, and still trust him, and his judgment.

Please feel free to contact me on my cell at 602-885-2507 for questions.

Sincerely,

JOHN S. CLOYD  
Lieutenant Colonel  
Arizona Army National Guard

Re: Mr. Robert Hockensmith

I have known Mr. Robert Hockensmith since 1988 or approximately 21 years. Most of my close business contact with him has been through our many years of mutual service in the Arizona Army National Guard. He and I worked together on two legislative reform projects as citizen activists outside of our National Guard duties. I have also engaged him professionally with my family finances.

I have had the opportunity to closely observe his leadership style and interpersonal relationships as a headquarters staff officer and a subordinate commander. In the latter capacity he demonstrated particular courage and leadership on numerous occasions.

He commanded the largest and most complex company sized unit in the State on one occasion. His organization was facing a rigorous outside inspection that required months of preparation. The staff in the State headquarters predicted that his unit would fail. I saw Bob Hockensmith rise to the occasion magnificently. He worked tirelessly, encouraged his subordinates, implemented unpopular but necessary reforms and developed innovative strategies. The unit passed the inspection with accolades. He was thoroughly tested as a leader and manager in every respect.

He is a man of high integrity with a superbly analytical approach to organizational problems. He brings great energy and honesty to bear against any challenge presented to him. He inspires loyalty and confidence in others. He would be an asset to any leadership team.

I would be happy to elaborate on any of the above comments.

Re: Robert Franklin Hockensmith, Jr.  
DocketNo.S-20631A-08-0503

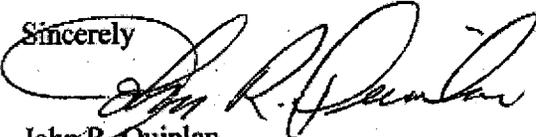

To Whom It May Concern:

I have known Bob Hockensmith for more than 25 years. I believe that I was one of Bob's first clients when he was first starting his accounting firm. Over the years, I have come to know Bob both on a business and a personal level. I have never known Bob to be dishonest or lacking in integrity. I have always trusted his judgment and level of experience in the preparation of both my corporate and personal tax returns. Bob is still preparing my returns at this time and will continue to do so into the future. I have also made a few investments with Bob's council. Some of these investments paid off and some did not. I am not going to blame Bob for the ones that did not pay off just as I am not going to blame my stock broker or anyone else who gave me investment advise as I was the one who made the final decision to invest my money.

After reading some of the reports that are available pertaining to this investment scheme that we were all a part of, I find that Bob led the charge against this crook, Jim Roberts. I believe that Bob contacted the FBI & the SEC to bring this crime to light. Bob also attended the trial of this low life Jim Roberts to hopefully let the Judge know the extent of the hurt that he, Jim Roberts has inflicted on us all. Bob is another VICTIM in this scheme not a benefactor. I believe that Bob has lost a substantial amount of his own money as well as piece of mind and well being.

Bob retired from the US Army National Guard as a Colonel, a Full Colonel, after serving his and our country faithfully for more than 20 years. As a former US Army Sergeant, I know what it takes for a soldier to attain the rank of Full Colonel. This is one step below a Brigadier General. They do not bestow this honor on people who do not have the integrity and the honesty and the willingness to lead and to serve their country like Bob Hockensmith has.

Sincerely

John R. Quinlan

Re: Robert Franklin Hockensmith, Jr.  
Docket No. S-20631A-08-0503

To Whom It May Concern:

I have known Bob Hockensmith for over 20 years and have been a part of his social, military, family, and most importantly, his business life. Out of all my business contacts, Bob is the only one I can truly say that I trust him with ALL my financials, more than any other professional I know. I own four Corporations, and Bob handles the accounting on all of them, including my Dental practice, which brings in 1.3M per year. I also trust Bob with all my investment needs, including 4 retirement accounts. In my experience, Bob has always been honest, up-front, and shown personal and moral character.

I do not believe that Bob had anything to do with the theft of my investments with FOMAC. If he trusted his own money in this investment, I was willing to trust mine. Unfortunately, even with the research Bob did on this investment, including several trips to Arkansas and the foreign banks in which the funds were kept, our investment dreams were shattered by a legitimate business running out of funds and basically turning into a ponzi scheme. It was Bob who brought it to my attention, that Mr. Roberts had misappropriated our money, and reported the theft and scheme to the FBI. Bob also assisted the FBI & SEC in the investigation of Jim Roberts toward his conviction in the fraud.

I still go to Bob to have our taxes prepared, and still trust him, and his judgment.

We also know that Bob has been actively involved in the community, including his many years of service in the Arizona National Guard, and his involvement with Big Brothers & Big Sisters.

If there is any thing I can do to assist you, do not hesitate to call me.

Sincerely,

Re: Robert Franklin Hockensmith, Jr.  
Docket No. S-20631A-08-0503

To whom it may concern,

I have been acquainted with Bob Hockensmith for 15 years. He has served me in my business as my CPA and has prepared my business and personal taxes since 1994. As a business owner here in the valley for 25 years, I have observed him at work and have found him to be honest, dependable, and a good source of information for my business and personal financial needs over the years.

I do not fault Bob for the loss of my mothers investments through FOMAC. Bob was the first person to notify us of problems with FOMAC and the theft of monies by Jim Roberts as well as advising everyone not to invest with Mr. Roberts when red flags began to pop up. I believe it was he who notified the FBI and worked with them and other government agencies in the investigation of the fraud perpetuated by Jim Roberts and his partner.

Bob is still my CPA and continues to provide quality work and information for me and my business. I trust him and expect our relationship to continue for many years to come.

RE: Robert Hockensmith Jr.  
Docket #S-20631A-08-0503

To whom it may concern:

My husband, Don, and I have known Bob Hockensmith for almost 20 years. I met Bob when we were both studying for our MBA degree. Bob became our tax accountant while I was still in graduate school with him and he is our accountant today. In this period of time, he has helped us set up an S Corporation, an LLC and in addition to those companies and our personal tax return he has also done our pension tax returns for almost 20 years too.

We have always been satisfied with the services he has provided. Bob's advice over the years has been invaluable and we have referred many people to his accounting firm as a result of our satisfaction.

We don't believe that Bob had anything to do with the theft of our investments with FOMAC. Bob was the person who became concerned about the late remittances and notified us that there was something wrong. This was well in advance of the notification that Mr. Roberts had stolen all of our funds. I know Bob assisted the FBI, the SEC and went to the trial to make sure he was able to keep all of the investors abreast of the latest developments. During this investigation, we received email updates and phone calls from Bob. He was always available for any questions that we had. At all times, Bob was trying to provide information to the investors at great expense to his business. I feel confident in saying that Mr. Roberts is the culprit in this venture and thank goodness the justice system prevailed as he is serving a prison sentence for his fraudulent actions.

Bob is our accountant today and will continue to be our accountant for as long as he is in practice. He is extremely good at his business and his ethics are exemplary.

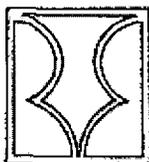

Bob has a long military history and also has been active in various community projects. We are proud to call him our friend.

If you wish to contact me for additional information, you can email or call.

We have known Bob Hockensmith since the early 90's, when we became his clients. We know him both personally and professionally, and we want to share our experiences with you. Bob has provided us with financial, accounting and tax services, and we have always been happy with the services he provided. In our experience, Bob has always been honest, up-front, and shown personal character and moral courage

We also confirm to you this day, that our decision to invest in this program falls squarely on our shoulders as investors. We accepted the terms of the Non- Circumvention and Non-disclosure agreement, including Item # 11 of that agreement, ( Forex Managed Account Trading Disclaimer ), which is a common warning though out this market.

We do not believe that Bob had anything to do with the theft of our investments with FOMAC. In fact, it was Bob who brought it to our attention, that Mr. Roberts had taken our funds. It is our understanding that Bob was the one who reported the theft and scheme to the FBI, and it was Bob who assisted the FBI & SEC in the investigation of Jim Roberts toward his conviction in the fraud.

To a degree, we are some what incensed , that the cost of this venture by the Commission, will trickle down to all of us. Thus, adding insult to injury to all involved, including Bob.

We still go to Bob to have our taxes prepared, we know that he has always had our best interest in mind and we still trust him, and his judgment.

We also know that Bob loves this Country by his extended military service here at home in the Arizona National Guard, but as a Veteran in Vietnam. He has also been actively involved in the community, with the Big Brothers and Big Sisters Program.

Bob has provided us with financial, accounting and tax services, and we have always been happy with the services he provided. In our experience, Bob has always been honest, up-front, and shown personal character and moral courage.

We do not believe that Bob had anything to do with the theft of our investments with FOMAC. In fact, it was Bob who brought it to our attention, that Mr. Roberts had taken our funds. It is our understanding that Bob was the one who reported the theft and scheme to the FBI, and it was Bob who assisted the FBI & SEC in the investigation of Jim Roberts toward his conviction in the fraud.

We still go to Bob to have our taxes prepared, and still trust him, and his judgment.

We also know that Bob has been actively involved in the community, including his many years of service in the Arizona National Guard, and his involvement with Big Brothers & Big Sisters.

We hope that this letter has been helpful.

Sincerely,

To The A.S.C. Members  
I have known Robert for over 20 years and he  
has been my C.P.A. and a friend. My wife and I  
were in the FOMAC MESS and lost our investment.  
But I do not believe that Robert had any but the  
best intentions when he invited us to invest in  
the fund. Robert has always been a hard working  
man in his business and in the community. I don't  
believe he was involved in the criminal part of  
the fund. I think that the real crooks may  
have hoped to keep the fund going long enough  
to hang the whole thing on Robert. He is still  
my friend and my C.P.A. and I would hope he  
keep his business. As repeats I do not think he  
had any idea that the fund was crooked until  
the fund started to fail.
