DOCKET CONTROL

In a letter posted on Docket Control June 30, 2009, Mr. Nando Haase grossly misstates the qualifications of the Certified Public Accountant, Mr. Douglas R. Bigler. Mr Bigler was hired by the HOA to evaluate the financial hardship claims from those owners who may need assistance with meeting the costs of converting their systems.

Mr. Nando in his letter stated " After inquiring we discovered the CPA used was not licensed, bonded or insured"

This statement is a gross mis characterization of Mr .Biglers qualifications. It is without foundation and false.

Attached is a document from Ca. Gov, the California Board of Accountancy, dated June 30, 2009.

It verifies that Mr, Bigler is licensed through July 31, 2010 and has no disciplinary or license restrictions.

With the additional status definitions per the California Board Of Accountancy:

License Status: " CLEAR" Definition "The license is current and valid. The licensee can engage in the practice of public accountancy prior to the license expiration date".

Experience: "A" Definition "This licensee completed the experience required to perform the full range of accounting services, including signing attest reports on attest engagements".

It is unfortunate, that since the January 18, 2008, hearing before the ACC, a minority of owners who are in opposition to this project have sent out similar letters. These letters misstate facts and make unfounded accusations in the apparent hope of undermining the support of majority owners who are in favor of this worthwhile project and, also, with the obvious intention of influencing the the decision of the ALJ and the Commissioners as to the outcome of the UCSA project.
