Re: Reinstatement of APS free line extension

Dear Commissioner Pierce:

We are aware that you intend to vote for the reinstatement of the free APS 1000 feet line extension along with your fellow Commissioner Bob Stump. Thank you very much for your support. With the condition of our current economy, it is time that we stop adding unfair demand to our developers and contractors and it is refreshing that you see how important this is. We need to be good partners, especially in rural Arizona and not target the life blood of people that can help stimulate our economy. It is time to be less subjective and stop thinking about increasing revenue streams as the only way to support our utility companies - we must strengthen our partnerships and work together. The reinstatement will lessen the huge impact on homeowners and your YES vote means a lot to our area.

Respectfully,

Sandra Griffis
Executive Director

cc: Commissioner Kennedy
Commissioner Mayes, Chairman
Commissioner Newman
Commissioner Stump
