ml

Hi Paul,

First, I should say congratulations for your election victory. You will be a good fit for Rural Arizona.

I am writing to ask you to consider the removal of the ban on the 1,000 ft power line extensions. As you are aware things are real tough out there and friends and business owners that I know are collapsing across the board. I believe that if this policy is reversed, it will assist in helping landowners and contractors to pull permits and begin work.

Please consider this small move to hopefully make a difference in our economy.

Also, if you are ever in the Prescott area, please give me a call.

Thanks,

Bill
