Subject: Lichfield Park Service Company Request for increase in revenue

DOCKET CONTROL

I am shocked that this company has the gall to request a 116% rate hike in water revenues and a 78.7% increase in wastewater revenues. What could possibly justify such a huge, outlandish increase? I sincerely hope you deny this request. I'm aware that capital expenses are usually required in a business like this, but don't they reserve for this? If not, then it is poorly managed. John T.
