DOCKETED

AUG 06 2009

DOCKETED BY nr

IN THE MATTER OF THE APPLICATION
FOR APPROVAL OF SOUTHERN
SUNRISE WATER COMPANY'S TARIFF
ADDRESSING MAIN EXTENSION
CHARGES FOR PROPERTY OWNERS
WITH FAILED WELLS LOCATED WITHIN
THE COMPANY'S EXTENSION AREA
GRANTED IN DECISION NO. 70955

DOCKET NO. W-20454A-09-0301

DECISION NO. 71239

ORDER

Open Meeting
July 28 and 29, 2009
Phoenix, Arizona

BY THE COMMISSION:

FINDINGS OF FACT

1. Southern Sunrise Water Company ("Company") is certificated to provide water as a public service corporation in the State of Arizona.

2. On June 5, 2009, the Company filed a Main Extension Tariff ("ME Tariff") pursuant to Decision No. 70955 (April 7, 2009), which states as follows:

IT IS FURTHER ORDERED that within 60 days of the effective date of this Order, Northern Sunrise Water Company and Southern Sunrise Water Company shall file a tariff addressing main extension charges for property owners located within the companies' extension areas approved herein whose existing wells are no longer productive at their existing depths.

3. The Company consists of three water systems; Cochise, Horseshoe Ranch and Miracle Valley water systems, serving a total of approximately 840 customers near Sierra Vista, in Cochise County, Arizona.

1 4. On June 23, 2009, at Staff's request, the Company filed a Notice of Filing waiving
2 the 30-day timeclock in order to provide Staff more time for its review. In its Notice of Filing, the
3 Company also amended its proposed ME Tariff.

4 5. The ME Tariff will apply to landowners with failed wells located within the
5 Company's extension area granted in Decision No. 70955. This ME Tariff provides that a
6 landowner within the service extension area who experiences the loss of a well, and who is not
7 currently a customer of the Company, shall be able to connect to the Company's water systems
8 without paying the Off-Site Hook-Up Fee ("HUF"). The HUF would normally apply to extensions
9 of service to new customers per the HUF Tariff approved in Decision No. 68826, approved June
10 29, 2006, with effective dates of March 21, 2008 and July 16, 2008 for the Cochise/Horseshoe
11 Ranch systems and Miracle Valley system, respectively. Such waiver does not apply to service
12 line and meter installation charges.

13 6. Should the Company need to construct a new water main or extend an existing
14 water main in order to extend service, the Company is then authorized to charge for the
15 construction of the new or extended water main pursuant to this ME Tariff. Therefore, if a
16 landowner qualifies under the ME Tariff and wishes to become a customer of the Company, which
17 requires construction of a water main in order to extend service, the Company is authorized to
18 enter into a main extension agreement requiring the landowner to advance the costs of construction
19 based on the methodology set forth in the ME Tariff.

20 7. The Company provided a map depicting the extension area and an Opinion of
21 Probable Construction Costs ("OPCC") of approximately \$62.46 per linear foot to construct a
22 water main from the furthest point in the extension area to the Company's existing facilities. The
23 ME Tariff provides that the Company will enter into a main extension agreement requiring the
24 landowner to advance the actual costs of construction, or \$62.46 per lineal foot, whichever is less.

25 8. The Company may revise the OPCC estimate from time to time as conditions
26 change concerning the location of existing facilities and/or the cost of materials. Any change to
27 this ME Tariff requires the formal approval of the Commission. On July 1st of each year, the
28 Company will submit a revised OPCC estimate, if needed, for Commission approval.

1 IT IS FURTHER ORDERED that Southern Sunrise Water Company shall docket the Main
2 Extension Tariff, as approved herein, within 30 days of the effective date of this Decision.

3 IT IS FURTHER ORDERED that this Decision shall become effective immediately.

		Revised	SHEET NO.	
Southern Sunrise Water Company	WATER SERVICE TARIFF SCHEDULE	Revised	SHEET NO	
Decision No.				

MAIN EXTENSION TARIFF – LANDOWNERS WITH FAILED WELLS

This main extension tariff applies only to those landowners located within the service extension area granted to Southern Sunrise Water Company (“Southern Sunrise” or “Company”) in Decision No. 70955 (April 7, 2009). A map depicting the extension area is attached hereto. Any landowner within the extension area who experiences the loss of a water well, for any reason, and who is not currently a customer of Southern Sunrise, shall be able to connect to the Company’s water distribution system without paying any applicable water Off-Site Hook-Up Fee at the time of the interconnection. Such waiver does not apply to service line and meter installation charges. However, in the event that Southern Sunrise is required to construct a new water main, or extend an existing water main, in order to extend water service to any such landowner who qualifies under this Tariff, then the Company is authorized to charge that landowner for the construction of a new or extended water main. Attached hereto is an Opinion of Probable Construction Costs (“OPCC”) to construct a water main from the furthest point in the extension area to the Company’s existing facilities. As a result of the OPCC, the **per linear-foot** cost of extending a water main is approximately **\$62.46**.

In the event that a landowner who qualifies under this tariff seeks to become a water customer of Southern Sunrise, but requires the construction of a water main in order to receive service, the Company is hereby authorized to enter in a main extension agreement requiring said landowner to advance the actual costs of construction, or **\$62.46** per linear foot, whichever is less.

The Company may revise the OPCC estimates from time to time as conditions change concerning the location of existing facilities and/or the cost of materials. Any change to this Tariff requires the formal approval of the Commission. On July 1st of each year, the Company will submit a revised OPCC estimate, if needed, for Commission approval.
