Subject: SSVEC rate hearing

Dear Commissioners,

The Mountain Empire Community owes you a huge "THANK YOU" for giving us a chance to be heard. This has been a difficult issue for us - we all felt we could trust SSVEC. After all, it's a cooperative - our cooperative. Only through bitter experience did we learn that our trust was misplaced. I hope that your actions yesterday will guide them back into the "cooperative" framework. Although, considering their survey crew is still at work, I'm wondering if they really heard your message.

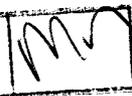

There's so much opportunity now; if we work together we can be a role model in rural distributive energy.
