**SOLARCITY'S NOTICE OF ERRATA**

On Page 3, Line 16 of the Applicant's Application the words "15 years" should be removed and replaced with the words "25 years" such that the sentence should correctly read, "SolarCity's SSA financing allows it to offer these two School District schools solar systems which are expected to save them a combined \$4.7 million over the next 25 years with zero up-front capital cost." In an effort to assure the accuracy of the information provided to the Commission SolarCity felt it was important to correct this statement to be as precise as possible as soon as the need to correct was recognized. SolarCity has informed the School District of this

correction and the School District asked SolarCity to provide the attached correspondence to the Commission along with this filing.

Arizona Corporation Commission  
Attn: Mr. Steve Irvine – Utilities Division  
Mr. Charles Hains – Staff Counsel  
1200 west Washington Street  
Phoenix, Arizona 85007

Dear ACC Members:

SolarCity recently informed us of its intent to correct an item in the Application it filed with the Arizona Corporation Commission. SolarCity approached the District to explain the issue and to make sure we were the first to know about the issue and the company's plans to correct the record. This letter is intended to confirm that the District understands that the calculation of total savings to the District that was included in the Application was the total projected savings to the District over 25 years, not 15 years as stated in the Application. The District supports SolarCity in correcting the official record before the ACC. Furthermore, the District would like to point out that it will save substantial money over the short and long term through its agreement with SolarCity based on the commitment to be charged at what is the equivalent of \$0.11 per kWh locked in for the term of the agreement. The bottom line is that regardless of whether you look at the savings over 15 or 25 years, the agreement between SolarCity and the District is going to result in substantial and important savings to the District.

Very Truly Yours,

David Peterson  
Assistant Superintendent for Operations
