AZ CORP COMMISSION
DOCKET CONTROL

Docket # L-00000F-09-0190-00144

September 22, 2009.

Chairman Mayes and Commissioners,

My name is James R. Kramp, I am writing to ask for your support of Kennedy Proposed Amendment #1 (Citizens Advisory Council)

There are many projects in our area of Pima County planned over the next 20-30 years. From the Rosemont Mine, to the Passages of Tucson (currently on hold). According the Pima Association of Governments southeast Pima County is expected to grow much faster than other areas of the county. This is why I think the proposed amendment is in the best interest of our community.

Thank You,

James R. Kramp

DOCKETED BY *MM*

Please give this to the Chairman and Commissioners. Due to being in FL for mom's surgery, I have not checked email / community stuff like I normally do.

Thanks -

Kim

Ps - please let me know the outcome.

Docket # L-00000F-09-0190-00144

September 22, 2009.

Dear Chairman Mayes and Commissioners,

My name is Kim Rego. I am active in community issues, the webmaster of AzHighway83.com, and a ratepayer. I am writing to ask you to support Commissioner Kennedy's Proposed Amendment #1 (Citizens Advisory Council)

Given the large number of transmission line projects planned in our area in the next 25 years and the purchase of 82% worth of a large transformer for Tucson Electric Power's use, it is in the best interest of our community and the environment of the State of Arizona. It is an excellent value for the future and makes fiscal sense.

Many concerned community members have spent a lot of time and personal resources in this issue as well as others.

Thank You,

Kim Rego

Chairman Mayes and Commissioners,

My name is Charlotte Cook, Vail, AZ. I am writing to ask for your support of Kennedy Proposed Amendment #1 (Citizens Advisory Council)

Given the large number of transmission line projects planned in our area in the next 25 years and the purchase of 82% worth of a large transformer for Tucson Electric Power's use, it is in the best interest of our community and the environment of the State of Arizona. It is an excellent value for the future and makes fiscal sense.

Thank You Commissioner Kennedy for hearing us, in this very important matter. I spoke at the Sept 15, 2009 ACC meeting in Tucson, and am sorry that I am unable to make the trip to Phoenix to see you all personally vote (approve) this Amendment.

Docket # L-00000F-09-0190-00144

22 September 2009.

Chairman Mayes and Commissioners,

My name is Sandy Whitehouse and I am President of the Santa Rita Foothills Community Association in Corona de Tucson near Vail, Arizona. I am writing to request support for the Kennedy Proposed Amendment #1 (Citizens Advisory Council.)

Because of the many transmission line projects proposed for our area over the next 25 years, and because of the acquisition of over 80% of the output of a massive transformer for use by Tucson Electric Power, the officers and members of the Association can see it is in the best interest of our community and the surrounding environment and the entirety of the State of Arizona that the Commission adopt the amendment. It is the right step to take in these times of fiscal uncertainty. It is the right thing to do for future generations.

Thank you for your consideration,

Sandy Whitehouse

Docket # L-00000F-09-0190-00144

September 22, 2009.

Chairman Mayes and Commissioners,

My name is Chief Bruce Whitehouse, Corona de Tucson FD. The Fire District is the sole governmental entity in the unincorporated village of Corona de Tucson and as such, bears responsibility for the safety and well being of the residents. Therefore I am writing to ask for the Commissioner's support for the Kennedy Proposed Amendment #1 (Citizens Advisory Council)

Given the large number of transmission line projects planned in the area over the next 25 years and due to the purchase of 80% + of a large transformer for Tucson Electric Power's use, we consider it is in the best interest of our community, the environment, and the State of Arizona to support Commissioner Kennedy's amendment #1.

Respectfully,

Bruce M Whitehouse

To: Elizabeth Webb (vailaz@hotmail.com)

Docket # L-00000F-09-0190-00144

September 22, 2009.

Chairman Mayes and Commissioners,

My name is Sherri Stinnett and I live in New Dawn Estates, Vail, AZ. I am writing to ask for your support of Kennedy Proposed Amendment #1 (Citizens Advisory Council). Last year the residents of New Dawn Estates and Vail Vistas as well as many Vail residents had to contest Tucson Electric Power plans to build the Cienega Substation at the entrance to our neighborhood.

We were never included in the planning process and we were the ones to come up with the alternate location that TEP will now be using. If the community was included all along things could have gone a lot smoother. It is imperative that changes be made to include the communities in these line siting cases.

Given the large number of transmission line projects planned in our area in the next 25 years and the purchase of 82% worth of a large transformer for Tucson Electric Power's use, it is in the best interest of our community and the environment of the State of Arizona. It is an excellent value for the future and makes fiscal sense.

Thank You,

Sherri Stinnett

September 22, 2009.

Chairman Mayes and Commissioners,

I am J.J. Lamb, from Vail. I am writing to encourage support of Kennedy Proposed Amendment #1 (Citizens Advisory Council)

With the large number of transmission line projects planned for our area in the next 25 years and the purchase of 82% worth of a large transformer for Tucson Electric Power's use, it would be an investment in our community and the environment of the State of Arizona. .

Thank You,
J.J. Lamb
