NOTICE OF LITTLE PARK WATER COMPANY INC.'S
APPLICATION FOR APPROVAL OF A RATE INCREASE
Docket No. W-02192A-09-0531

On November 18, 2009, Little Park Water Company Inc. ("Little Park") filed with the Arizona Corporation Commission ("Commission") an application for a rate increase, using a test year ("TY") ending June 30, 2009, and requesting an increase in revenues of \$47,672, or approximately 112.53%, over unadjusted, unaudited TY total revenues of \$42,364. Little Park showed an unadjusted operating loss for the TY of \$13,389. Little Park proposes a pro forma adjustment to its TY revenues of \$22,200, which would bring its adjusted TY total revenues to \$64,564.

Little Park's proposed rates would increase each customer's monthly minimum charge and would increase the commodity rates for water usage from \$2 per thousand gallons for all usage to tiered commodity rates. In addition, Little Park proposes to adopt a standpipe/bulk water rate of \$4.28 per thousand gallons and to increase its service line and meter installation charges. Please see the attached pages 9 and 11 of Little Park's application for the current and proposed rates.

Little Park's application is available for inspection during regular business hours at the offices of the Commission in Phoenix at 1200 West Washington Street and at Little Park's offices at 45 Castle Rock Road, Suite 4, Sedona, AZ 86351, or online at <http://edocket.azcc.gov/edocket/>.

The Commission's Utilities Division ("Staff") is in the process of auditing and analyzing Little Park's application and records and has not yet made a recommendation regarding the application. Customers should be aware that the Commission is not bound by the proposals made by Little Park or Staff and that the rates and charges ultimately approved by the Commission may be higher or lower than those proposed by Little Park or recommended by Staff.

Customer input is an important part of the Commission's analysis of the requested rates and is a factor in determining whether a hearing will be conducted. Customers should bring to the Commission's attention any questions or concerns related to Little Park's application, as well as any other concerns with Little Park's operations, such as concerns related to service, billing procedures, or other factors important in determining the reasonableness of rates and charges.

Written comments should reference Docket No. W-02192A-09-0531 and may be submitted by mail or e-mail. Mail should be sent to Arizona Corporation Commission, Consumer Services Section, 1200 West Washington Street, Phoenix, Arizona 85007. For instructions on submitting comments by e-mail, visit: http://www.azcc.gov/divisions/utilities/forms/public_comment.pdf

If you require assistance, you may contact the Commission's Consumer Services Section at 800-222-7000 (if located outside the Phoenix local calling area) or 602-542-4251 (in the Phoenix local calling area). Customers may also contact the Tucson Commission office at 800-535-0148 (if located outside the Tucson local calling area) or 520-628-6555 (in the Tucson local calling area).

It is important that customers submit any written comments to the Commission promptly so that Staff can consider customer comments and concerns in developing Staff's recommendations to the Commission. Customers are advised that the Commission may act upon the application without a hearing. Regardless of whether a hearing is held, customer comments submitted in writing will be placed in the file, which the Commission reviews prior to making its final decision on the application.

Customers may have the right to intervene in this matter. Customers wishing to request information on intervening in the proceeding should contact the Commission's Consumer Services Section at the numbers provided above.
