Mr. Newman,

Enough is enough.

Those people in Sonoita who didn't bother to read the disclosures about a utility easement when they purchased their property have caused enough delay.

According to the chairman of the ACC, YOU DON'T HAVE ANY AUTHORITY OVER A 69KV TRANSMISSION LINE!!!!

But to drag this on and on is pathetic.

You asked for a "third party study" but it didn't support what the people along the line wanted so they want to do it again. Just STOP and let SSVEC build the line.

UTILITY COMPLAINT FORM

If the view is so important to these people then they need to take their houses down because they are a blight on my view of the hills and valleys in Sonoita.

The extra costs and delays are coming out of my pocket for a handfull of people who are not getting their way.

Just stop dragging it on. Let the ALJ do their job and get on with it.

David
