Subject: Sonoita Elgin Power Moratorium

ORIGINAL

Dear Mr. Pierce,

I strongly urge and request that you to do not vote for a power moratorium or delay of the new transmission lines due for the Sonoita area. I am shocked that this is even considered and taken fully by surprise. As a landowner (parcel 109-67-031c) I am dismayed that I have not been officially notified of this potential action and had to find out second hand.

I understand a small group have organized to delay the new power lines to the area and suspect it is really to fuel their overall "no growth agenda" and "NIMBC" sentiment. To my knowledge the planned power line upgrade was to go where the current easement is in effect. This is where it should go. How can people complain against that?

I purchased my property two years ago and paid a premium as it was developed with power to the parcel. Justifiably, I was and am under full expectations that power is available. I am confident that any court will also find this as well. If any of the ACC actions negatively affect my property value I will be forced to vigorously pursue suit to compensate for damages and expect significant adjustments to assessed property values by Santa Cruz county. Voting for the moratorium or delay of new power lines will unfortunately set off a wave of negative actions by myself and many others in similar circumstances. I do hope this will not come to fruition.

Thank you for your consideration,

Richard Diefenderfer
