DOCKET NO. E-01345A-05-0816; E-01345A-05-0826;  
E-01345A-05-0827

OPEN MEETING DATE: October 20/21, 2009

Page 2, line 14, INSERT New Finding of Fact: "Additionally, APS should be required to docket all reports filed with the Commission associated with the Nuclear Performance Reporting Standard in a separate docket to be opened by Staff no later than November 1, 2009, and this docket should be featured prominently by Commission Staff on the Commission's web site. We believe having this information in a single, centralized location will make it more accessible to both the Commission and the public. Moreover, we believe the key findings from the Nuclear Performance Reporting Standard should be highlighted each year, and thus we believe that the key findings from reports associated with the Nuclear Performance Reporting Standard should be presented by APS to the Commissioners each year at the Commission's annual Summer Preparedness meeting."

Page 3, line 7, INSERT New Ordering Paragraphs:

"IT IS FURTHER ORDERED that APS shall docket all reports filed with the Commission associated with the Nuclear Performance Reporting Standard in a separate docket to be opened by Staff no later than November 1, 2009, and this docket shall be featured prominently by Commission Staff on the Commission's web site.

IT IS FURTHER ORDERED that to ensure that the key findings from the Nuclear Performance Reporting Standard are highlighted each year, the key findings from reports associated with the Nuclear Performance Reporting Standard shall be presented by APS to the Commissioners each year at the Commission's annual Summer Preparedness meeting."

Make all conforming changes.
