Re: Black Mountain Sewer
Docket Control No.SW-02361A-08-0609

Dear Commissioners:

This letter is to encourage you to support the Boulders Community in their efforts to decommission the Black Mountain Sewer Plant located in this Carefree residential community. The plant produces strong foul odors and requires frequent repair work which results in traffic tie-ups and street disruptions due to equipment and piping installation activities.

These problems have existed for many years and Black Mountain Sewer has not been able to mitigate these issues. The only apparent permanent and effective solution is to decommission this plant.

I recognize there will be added cost to the community if this action is taken. To me it will be worth the added expense. I'm willing to pay my share to get rid of this blight on what is otherwise a beautiful residential area.

Thank you,
Robert J. Dineen
