Re: Richard Dorman / Docket # S 20702A-09-0460

Hearing date November 18, 2009

Judge Stern,

I have recently moved to Florida and had my mail forwarded. I just received the letter informing me of my hearing date of November 18. I have spoken with Mr. William Black, Securities Division Attorney and he agreed to let me attend the hearing telephonically. He informed me it is your decision so I am asking you to please allow me to attend telephonically.

I also talked with Mr. William Black in regards to settling this issue. I am in complete agreement with Mr. Blacks suggestion that I am responsible and must pay restitution in the amount that was loaned to me from Elysium and went into my personal account. Mr. Black said he would have some paperwork for me to sign but would probably not get it to me by my hearing date, but to inform you that we are working together to resolve this issue.

My new contact information.
