Dear Commissioner Pierce:

This is just a brief note to voice my concern regarding the issue of the Corporation Commission and Sulphur Springs Valley Electric Cooperative.

I fully support SSVEC and their efforts to continue to bring adequate electrical power to Sonoita. As a property owner in this area I am concerned about the availability of this resource.

The option for property owners to use alternative sources of power should be just that, an option. Electric service must not be curtailed or impeded in any way.

I will continue to monitor the progress of this issue and will not hesitate to seek legal council to protect my rights as a property owner.

Thanks you for your time.
