Renewable Energy Std. Tariff
Docket No. E-01461A-09-0449

Dear Mr. Nitido:

As an Intervener in the above docket case, I have the following questions and requests.

- I. What month and year did TRICO begin to collect a Renewable Energy Charge?
- II. Please provide a list by calendar period from inception through 2008 of the amount collected from customers for the Renewable Energy Charge.
- III. Please provide a list by calendar period of the amounts distributed from the Sun Watts Program from inception through 2008.
- IV. Please specify the date that these funds expired during 2009 and the total Renewable Energy Charges collected and Distributed from January 1, 2009 through the date the funds were depleted.
- V. I understand TRICO has yet to implement net metering but continues to pay solar generators a rate that is lower than its standard tariff rate. Please provide a schedule by year (from inception of REC) a list of the following through 2008:

kWhs Received
From Customers

Rate paid customers
per kWh received

Standard Tariff
charged customer
For delivery in kWh

(For 2009 just include the kWh received thru October 31, 2009.)

Thank you for your assistance. If you need clarification on any request, please call 520-818-3394 or send an e-mail to jdarkoosh@q.com.

Time is of the essence.

Very truly yours,
