Re: Black Mountain Sewer Corporation  
Docket No. SW-02361-A-08-0609  
De-commissioning Boulders Sewer Plant

DOCKETED BY *[Signature]*

Dear Commissioners,

As longtime customers of Black Mountain Sewer Corporation, we empathize with the Boulders residents and guests regarding the ongoing problems with their sewer plant. We at Carefree Inn Estates have also lived with similar intolerable issues with our lift station. For this reason, we support our neighbors at the Boulders and ask that the sewer plant be de-Commissioned.

During the last rate increase, it was ordered that Black Mountain replace their antiquated system. The problems with our lift station have been resolved. However, the Boulders residents continue to live with the same unacceptable conditions Black Mountain was ordered to remedy years ago.

Beyond the stench this sewer plant produces, those who choose to sell their homes must disclose all environmental hazards, or face a felony. The plant at the Boulders is definitely an environmental hazard, impacting home values, and quality of life. This sewer plant must be de-commissioned.

Sincerely,

*Mr and Mrs. Charles B. Wetmore*
