the Mayor and Council to seek participants for a Complete Count Committee and return to Council for the formation of a Complete Count Committee.

- b. **Resolution No. 4593 – Cerbat Water Company Water Service Agreement**  
Cerbat Water Company AKA Claude Neal Family Trust, requested City water on an emergency basis on or about February 20, 2009 due to failure of their well. This area is outside the City's water service area thus should be covered with a wholesale agreement. Currently the rates assessed to the Cerbat Water Company are equivalent to the rates we charge other customers outside the City limits that access City water through a fill stand or hydrant meter. The proposed rate with the water service agreement would be the lowest wholesale rate. During a 30 day emergency period Cerbat Water company could need in surplus of 3.1 million gallons. Staff recommends approval, denial, or modification of proposed water service request.
- c. **Ordinance No. 1656 – Special Event Permit**  
The City Attorney's office, with the assistance, guidance, and direction from other affected departments, have reviewed, modified and renamed the City Code Parade Permit ordinance. This was done to update and streamline the permit process. The modifications will allow the process to be handled through the TrakIt system which will greatly speed up approval and improve the coordination of the event. Staff recommends the approval of Ordinance No. 1656.
- d. **Resolution No. 4598 – Spending of Federal Economic Renewal Grants to the City of Kingman**  
The economic downturn is having a critical impact on everyday Americans who are struggling to maintain or find jobs in an increasingly difficult environment. Those same Americans are the taxpayers that provide the revenue needed to operate essential government services so our taxpayer dollars should be spend to maximize the creation of American jobs and in restoring the economic vitality of our community. The City of Kingman commits to purchase only products and services that are made or performed in the United States of America whenever and wherever possible. Staff recommends the adoption of Resolution No. 4598.

Thank you for giving Brown Drilling the opportunity to serve you!

The above estimate is for the probable costs for drilling a well. It does not represent an actual job quote, as the actual drilled depth and casing type will be determined at the job location. Although the likelihood of finding water does exist, there are no guarantees and it is possible the well drilled will not produce water.

These prices are valid for 30 days from the date indicated above. There is a 3% processing fee for all credit card transactions.

I have read, understand and agree to the Terms and Conditions along with the Limited Guarantee. I hereby authorize Brown Drilling to complete the above described work for which I agree to pay the amount set forth according to the terms herein.
